

**FARM BUREAU CASE  
WILL GO ON TRIAL  
SATURDAY MORNING****Cotton Association's Plea  
to Enjoin J. M. Kessee to  
Be Heard By District  
Judge—Much Interest.**

On account of the many farmers who are personally interested, and the fact that it is the first case of its kind instituted in this section of Texas, the hearing Saturday on an injunction sought by the Farm Bureau Cotton association against J. M. Kessee, a farmer, is expected to get under way before a well filled courtroom. Judge Nabers will be home in time to preside at the hearing, according to present plans, and the evidence and arguments are expected to occupy the whole day.

The cotton association is seeking a restraining order which will prevent Mr. Kessee from selling the remainder of his crop on the open market, instead of delivering it at a warehouse under the terms of a marketing agreement. There will be no dispute over the facts in the case, it is thought, and the trial will resolve itself into a hearing on the validity of the marketing agreement, signed by the farmers who joined the association.

**Opposing Decisions Rendered**

In two cases in other counties in which hearings have been had on injunctions similar to the one asked here, honors have been even. Judge Carney, in district court at Atlanta, Cass county, Tex., rendered a decision in favor of the farm bureau and granted a permanent injunction against these farmers, restraining them from marketing their cotton in alleged violation of the agreement. Judge Carney, in upholding the contract, which was attacked in the suit, stated that the law permitted the organization of the cotton association and the making of the marketing contract, and that unless it could be shown that there was fraud in procuring the contract, it must stand. The court also held that the contract exacted equal obligation on the part of both the association and the members and was therefore mutual, and that there was sufficient consideration named in the contract.

On the other hand, the district court at Waxahachie refused to grant a temporary injunction, after a hearing on the issues involved had taken place. The contract was held by this judge to be "unilateral," in that it bound the members of the association to a course of action, while it did not pledge the association to any special course of action. A number of other reasons were cited in the opinion to show why the contract was too faulty to be binding.

**Several Temporary Injunctions**  
In a number of cases, temporary injunctions have been granted the association against farmers, but so far as is known, the one at Waxahachie and the one at Atlanta are the only two which have been tried on their merits.

The case against Mr. Kessee is the first of what may prove a long chain of litigation in this county. The exact number of farmers who have sold their cotton on the open market, in spite of the marketing agreement which they signed with the association, is in doubt, but according to some estimates, there is a considerable percentage of the total membership of the association in this county who have adopted this course.

Regardless of how the issue is decided here, an appeal will be taken to the court of civil appeals, according to attorneys in the case. The Waxahachie case has already been appealed. Unless the first test case is set forward on the calendar of the state supreme court, when it is appealed there, is little likelihood of the issue being definitely decided before next summer, in the belief of local attorneys.

**"Enemies of Association"**  
The publicity department of the cotton association last Friday issued the following statement regarding the cases filed recently in Texas courts:

"In one county a judge refused to be able to obtain temporary injunctions, restraining members from delivering to persons other than the association in violation of their contract until the trial of the action. The judges

**Klan Parade Expected  
To Draw Crowds From  
Radius Of Many Miles**

From 1,000 to 1,500 klansmen will take part in the parade band concert and celebration which is scheduled to take place in Vernon Thursday night, according to reports circulating today, while one of the largest crowds ever assembled here will witness the event, in the belief of many local citizens. Visitors from Texas and Oklahoma towns in a radius of 75 miles are expected, in addition to visiting klansmen.

The parade will be down Main street, from the corner opposite the Record building to the courthouse square, according to this announcement.

City officials have been requested to close Main street to automobile traffic, after the parade gets under way, and arrangements have been made to park cars with the engines facing the street in order that persons in the cars may get a good view of the klansmen.

**WILL PRINT 5,380  
ELECTION BALLOTS****COUNTY AWARDS CONTRACT;  
WORK WILL BE STARTED  
THIS WEEK**

Names of 48 Democratic and 14 Republican candidates are on the ballot which will be presented to Wilbarger county voters Nov. 7. Only state offices are included on the Republican ticket. A few precinct offices in Wilbarger county are not represented by candidates.

The ballot is made out in four parts, one section, representing Democratic nominees, a second Republican, a third Independent, and a fourth blank. There are no names listed under the Independent heading.

About 5,380 ballots will be printed by election officials of Wilbarger county. A contract has been awarded a local newspaper. On account of the large amount of work involved in preparing the ballots and delivering them to election judges of each precinct the work will be started this week.

**CONTRIBUTE PRIZES  
TO FUND FOR PARK****TWO WINNERS IN RECORD'S PROGRAM MAKE DISPOSITION  
OF AWARDS.**

Announcement was made today that Mrs. L. G. Hawkins and Mrs. W. B. Huggins had contributed their cash prizes, recently won in the Record's misspelled word publicity program, to the Allingham Park fund.

The program, which ran for 10 weeks attracted the interest of many readers of the Record, and was participated in by many people.

Mrs. Hawkins was awarded the first prize amounting to \$50, while Mrs. Huggins took the fourth prize of \$10.

**FARMER MAKES NEW PRICE  
RECORD WITH LONG STAPLE**

E. T. Burchfield, farmer residing four miles southwest of Vernon, Saturday made a new high record for this season in the county on the price of cotton, when he sold a bale of long staple for 24 and three fourths cents a pound. Bennett and Long, local cotton buyers, were the purchasers.

Mr. Burchfield has six acres planted in long staple cotton, he stated, and expects to harvest three bales from the patch.

"I intend to plant 20 acres next year," he declared. "I believe the long staple grown on my farm this year is the equal of any cotton I know anything about."

The bale he sold Saturday was classed as middling and the staple was labeled as an inch and a quarter.

Mr. Burchfield has 90 acres in cotton this year. He has picked 45 bales and expects to secure 20 more bales.

**Visitors Leave for Fort Worth**  
Mr. and Mrs. J. P. Hix, of Fort Worth, Mrs. B. W. Hunkabee, of California, and Dr. and Mrs. J. E. Hix and their small son, of Ancon, Canal Zone, returned to Fort Worth Monday after having spent several days with J. B. Edwards and family of Vernon.

**MISSING GIRL WAS "HIRED MAN."**

When Margaret Davis, a fourteen-year-old Chicago schoolgirl, disappeared her parents were convinced she had either been kidnapped or murdered. Frantic search for a week failed to locate her until a chance clue led to the discovery that, as a boy, she was the "hired man" on a farm near Roselle, Ill., where she was known as Dick Davis.

**S. O. S.**

That is a call for help. It is a call to help yourself. The Record's great "Everybody Wins" campaign is on. To be frank about it comparatively few candidates have entered so far. That, of course, is the Record's funeral. You are not interested. But you ought to be, especially if you have considered being a candidate.

It ought to dawn on you that, with a condition like this, your chances are better. If you will use your think-tank you'll see the light.

The Buick 5-passenger Sedan and the Buick 5-passenger touring car, the \$300 in gold and the other cash prizes bringing the total cash prizes to \$3,440.00, and the cash commissions, altogether totaling about \$5,140.00, will be awarded. That fact is certain.

Now, the man or woman with a "go-get-'em" spirit is in better shape than if contestants were clamoring to get in.

Just the why of this—that is the question. Perhaps the great array of prizes has scared some of you. Were the prizes a phonograph or a piano you would fall over yourselves to get in. But because \$5,140.00 is put up you think you will have to have too many votes.

Goodness alive! It doesn't make any difference whether the winner has 100,000 votes or one million votes. The high person gets the Buick and others get prizes in proportion.

It is all in your head. It's a condition. Get your thinking apparatus to functioning and you'll see it all in a light that will make you wonder why you haven't been in before.

Subscriptions received before November 18, you know, count more than afterwards. The early bird catches the worm—that's the cream, the easy pickings. And the easy pickings, with the greater votes credit, may be the deciding factor in this election. Now get in. Let's go!

**ONLY ONE WAY**  
make nominations. Candidates must either nominate themselves or be the choice of some friend who will do it for them. The management is not going to place any names in the campaign, and if you want to be sure that your name is among those from which the owners of the grand prizes are to be chosen, the surest way is to send or bring in your nomination blank yourself. Do this at once.  
**Office Open Evenings**  
During the big prize campaign, the election headquarters at the Record office will be open every evening until nine (9:00) o'clock to answer inquiries, receive votes, etc.  
Bear in mind that it will not take long to win one of the big prizes. The campaign will be a very short one. (Continued on page 2)

**TO OUR READERS**

Rumors have reached The Vernon Record office that because of the fact that the "Everybody Wins" campaign was starting so slowly, the prizes would either be reduced in value or the entire proposition "called off."

The management of The Vernon Record wishes to make this definite and emphatic statement: Notwithstanding the slowness of the campaign, regardless of how few or how many subscriptions come in **EVERY PRIZE WILL BE GIVEN AWAY** just exactly as advertised. This is positive and final.

The big cars are bought and paid for; the money is on deposit in the bank for all the big prizes and commissions. And those who have or may interest themselves in the prize distribution may rest assured that every single feature of the whole proposition will be carried out, regardless of rumors to the contrary. The reputation of The Vernon Record is back of this statement.

It might be added that an unusually splendid opportunity does exist in this event for some hustlers to make \$1,485.00 or \$1,355.00 in the next few weeks. Some persons are bound to get the cars. If your name is on the list, one of them can be you. If you are "live" and in the least awake to opportunity, it might pay you to send in your name and get busy. It's simply a case of—you cannot lose for The Vernon Record guarantees you either a cash prize or one of the larger awards, but you **CAN WIN MIGHTY BIG.**

**The Vernon Record****FARM MANAGEMENT  
SURVEY PLANNED IN  
WILBARGER COUNTY****Experts From A. & M.  
Will Visit Oklahoma  
and Harrold to Compile  
Data and Recommend.**

Two Wilbarger county communities have been selected by the farm management bureau of A. & M. College for a farm management survey, it was announced today, and they will be the only two places in Texas where such a survey is made this year. They are Oklahoma and Harrold.

The work will be in charge of P. K. Wheelpton of the department of farm management of A. & M. He is planning to arrive in Oklahoma Nov. 6 accompanied by W. F. Daugherty of the extension department. A week will be spent in the survey at Oklahoma and the following week will be spent at Harrold.

Only a few counties in the state including Dallas and Ellis, have been surveyed by the farm management experts. Residents of Oklahoma and Harrold feel elated that their communities should be picked for this work.

V. R. Glazener, superintendent of the Oklahoma schools, and a graduate of A. & M., is largely responsible for the visit of the farm management experts. R. S. Covey, superintendent at Harrold, and also an A. & M. graduate, also has exerted his influence to have the two men visit his community.

Mr. Glazener will accompany Mr. Wheelpton and Mr. Daugherty on their survey, and aid them in the work. Only two farms a day will be inspected by each man.

The work includes the gathering of data on costs of farm operation, upkeep of machinery, expenses of feeding livestock, disbursements and other figures and facts. The data gathered by the A. & M. men will be compiled and used in class room work at the college. Copies of the reports will be sent to all farmers whose places are included in the survey, together with recommendations based on a study of the reports.

Farmers in the Oklahoma and Harrold communities have been requested by the two school superintendents to assemble figures on the operating expenses of their farms. A number of farmers have given assurance that they will lend every possible assistance in the work.

The purpose of the farm management, which is a new feature at A. & M., is, broadly speaking, to perform the same service for the farmer that an efficiency expert performs for the business man.

**TOTAL FOR COUNTY  
NOW 19,036 BALES****RAINS INTERFERE WITH MOVEMENT OF STAPLE TO GINS;  
PREDICT 25,000 BALES**

Rains of the last few days have materially slowed up movement of cotton to the gins, according to statements from gin men over the county today. Wilbarger has ginned a total of 19,036 bales this season, the reports show, which is a little more than 1,500 bales above figures for a week ago, and about the same amount above the total for this time last year.

Cotton dealers and gin managers express confidence that a ginning rush will again be under way now that cotton has dried out, and will continue for perhaps two weeks. Estimates of the total yield in this county for the season are now running as high as 25,000 bales.

Vernon gins have turned out 8,229 bales to date, while other gins in the county have accounted for 10,807 bales according to figures compiled by the Record today.

The report for Vernon gins: Peoples, 1975; Vernon Gin, 1,752; Farmers, 1,680; Farmers and Merchants, 835; Planters, 1,982.

Other gins in the county: Tolbert, 537; Lockett, 1,774; Parsley Hill, 685; Odell, 1,285 and 1,600; Elliott (estimated) 500; Rayland, 1,262; Fargo, 1,500; Harrold, 494; Oklahoma, (two gins), 1,050.

**Fair Association's Head  
Appeals for Attendance  
At Meeting Next Friday****Decision on Route of  
Lee Highway Expected  
November Thirteenth**

The route of the Lee highway through Oklahoma and Texas will probably be decided at a meeting of directors of the highway association to be held in Washington, Nov. 13, according to a telegram received today by R. H. Coffey from Dr. S. M. Johnson, director general of the highway association.

The route from New Mexico west and from Arkansas east already has been fixed. Two proposed routes through this section of the country will be passed on at the directors' meeting. One is through southern Oklahoma, by way of Lawton and Frederick to Vernon, and from here west. The other leads almost due west from Oklahoma City through a portion of the Texas Panhandle, by way of Amarillo.

Local good roads enthusiasts express confidence that the Vernon route will be chosen. It is believed that the state highway department will favor the southern project, since it serves a much larger portion of the state than the one further north.

**C. A. RICHIE ILL;  
CONDITION SERIOUS****LITTLE HOPE FOR RECOVERY OF  
AGED DISTRICT CLERK HELD  
BY PHYSICIAN.**

District Clerk C. A. Richie, who was suddenly stricken ill last Wednesday night shortly after he returned from prayer meeting, has little chance to recover, according to his physician. Mr. Richie is 77 years old, but in spite of his age he has been very active in performing the duties of his office and until Wednesday night he had been enjoying good health. He is suffering from an affection of the liver.

Friday morning his condition was considered very serious, but Saturday he rallied some, and hopes for his early recovery were entertained. Sunday he became worse and since then he has shown little evidence of rallying.

Members of his family are in attendance at his bedside, and many expressions of sympathy and wishes for his recovery have been received from friends over the county. Mr. Richie is at home, his condition being considered too serious to risk removing him to a hospital.

**SUCCESS ATTENDING TODAY'S  
DRIVE FOR WELFARE FUNDS**

Twenty volunteer workers, under the direction of Dr. E. L. Moore, pastor of the Federated Presbyterian church, started a canvass of the business district of Vernon this morning, to raise funds for the Welfare association. Two men were assigned to each block.

While reports of the workers have not yet been compiled, it was stated at noon today that gratifying success has met the drive, and nearly all business men have made contributions. The goal set for the day is \$1200 which is estimated will take care of the needs of Vernon's unfortunate during the next year.

All money secured will be expended in Vernon according to a decision recently reached by the welfare committee. Clothing groceries and coal are being accepted as the equivalent of cash or on a monthly or quarterly basis are being received.

**CITY COMMISSIONER PURCHASES  
HALF ACRE IN EDGE OF VERNON**

City Commissioner E. B. Owen has purchased a half acre tract of land, located at the end of West Wilbarger street, from Mr. and Mrs. Harper Reed. Mr. Owen and an associate recently bought an acre adjoining the half acre tract, and erected a filling station and grocery store.

**Directors to Be Chosen  
and Improvement Program Discussed—Business Men Ready to Aid.**

"We are at the parting of the ways; we must go forward or quit."

This is the way Lon Byars, president of the Wilbarger county fair association, today summed up the situation with reference to the fair.

Mr. Byars and other officials of the fair association urge every man and woman in Wilbarger county who are interested in the work accomplished by the annual exhibition, to attend the meeting at 2 p. m. Friday when directors and officers of the association will be elected for the ensuing year.

In addition to the election of officers, the question of building a permanent exhibit hall at the fair grounds and of making other improvements will be discussed. Expressions of opinion from citizens are desired.

The meeting will be held at the public library building.

This year's session of the fair was the tenth to be held, and it was declared the best ever staged. The number and quality of entries in the community and individual exhibits of farm products, and in the livestock department, showed marked progress.

A number of influential business men and farmers will lend their support to any plan which will insure a permanent development program for the fair, according to Mr. Byars. Interest has been heightened by the showing made by Wilbarger county farm products at the Wichita Falls and Dallas fairs.

**MISSIONARY UNION ENJOYS  
A DELIGHTFUL STORY HOUR**

The Sixth division of the W. M. U. of the Baptist church met with Mrs. W. N. Martin at her home on W. Maiden street at 4 o'clock Monday afternoon.

After the story of the lesson about Esther and her mission to her people was told in an interesting way by Mrs. Martin and others, the guests were served delicious refreshments.

The following ladies were present: Mesdames J. N. Wright, B. D. Hockersmith, Jodie Brock, Jr., J. N. Fulcher, T. L. Rouse, Reuben Griffin, S. E. Smith, E. A. Vernon, Dan Lyles and Dewitt Thompson.

**LOCAL COMMANDERY  
INSPECTION TONIGHT****GEORGE STAPLETON, OF AMARILLO TO PRESIDE; BANQUET TO BE SERVED.**

Annual inspection of Vernon Commandery No. 33 will be held tonight, with George Stapleton of Amarillo, eminent grand sword bearer of the grand commandery of the state, here as personal representative of the grand commander as mustering officer. Mr. Stapleton arrived today and plans to return tonight.

The inspection will be preceded by a banquet, served by women of the Presbyterian church, in the Vernon Record building, at 7 o'clock. The usual program of toasts and addresses will be followed.

**1,359 PEOPLE IN ATTENDANCE  
AT SUNDAY SCHOOLS SUNDAY**

Attendance at the Sunday schools last Sunday totaled 1,359 people, according to a report made today by Rev. Lewis P. Kopp, minister of the Central Christian church. The Methodist Sunday school lead, with an attendance of 395, closely followed by the Baptists, who had 394 present. The Central Christian church reported an attendance of 234, the Church of Christ, 185, and the Presbyterian church 155.

Attendance at the Monday morning Bible classes, held at the churches and attended by high school students as a part of their regular school work, was swelled by the addition of several new members to the classes.

## SANCTITY OF BODY DR. MOORE'S THEME

HUMAN FRAME CLIMAX OF CREATION, MINISTER SAYS IN SERMON.

Dr. E. L. Moore, pastor of the Federated Presbyterian church, preached last Sunday morning to a large audience, taking as his theme, "The Sanctity of the Body." His text was 1 Corinthians 6:19-20: "Your body is a temple of the Holy Spirit, who is in you, whom ye have from God. And ye are not your own, for ye were bought with a price; Therefore, glorify God in your body."

Discussing these words, Dr. Moore declared that "Man's nature is dual—body and soul. He has a body, he is a soul. God made the one but He imparts the other."

"And Jehovah God formed man out of the ground and breathed into his nostrils the breath of life; and man became a living soul."

"Last Sunday I spoke of the worth and dignity of man. What I said then had reference particularly to man as a spiritual being, rather than a physical being, but the discussion is not completed until we have given due consideration to the body, as well as the soul. Both are exalted in the teachings of the Bible, therefore man owes a duty alike to both."

Dr. Moore declared that with regard to the body, two extremes of opinion have been widely prevalent. One despises the body, holding to the belief that it is the source of all evil and that it ought to be denied and neglected; while the other embraces the theory that the highest good is to enjoy to the fullest all the appetites and passions of the body. "Let us eat and drink for tomorrow we may die" is a summary of this belief, he said.

### Erroneous Extremes

Both these views are wrong, the minister declared. "The body is neither to be despised or indulged, but tended, protected, developed and disciplined."

"The most beautiful of all material creations is the human body," Dr. Moore asserted. "God seems to have reached the climax of creation in it." Some one has said that the human face is on the sky line between the two worlds where matter and spirit blend.

Dr. Moore declared that the Bible everywhere holds to the sanctity of the body. He developed three great thoughts in this connection. The first was that the body, as well as the soul, was bought by Christ on the Cross. "Ye are not your own; ye have been bought with a price."

"And not only so, even we ourselves grown within ourselves, waiting the adoption—the redemption of our body. Redemption is not a thing of the soul only, but also of the body, Dr. Moore said. He told of seeing a building in the business section of Vernon, on which a sign announced: "We will remodel to suit tenant."

"When we are redeemed by Christ our bodies must be remodeled to suit Christ, who is our new tenant," he stated.

### The Body a Temple

The body is the home of the Holy Spirit, it was declared. "Know ye not that ye are the temple of God and that the spirit of God dwelleth in you?" The ancient Jew would sooner die than desecrate the temple at Jerusalem, according to the minister, while places where deity dwells have always been regarded as holy. "How much more then, should we regard as holy our bodies—If the Spirit of God has a dwelling place on earth it is not in buildings of wood or stone, or even gold, but in the bodies of men and women who are spirit's akin to him."

The body is the visible instrument of Christ's glory upon earth, Dr. Moore

said. "The fruit glorifies the vine; the invention glorifies the inventor; the instrument glorifies the musician; so God may—shall I say only may—express his glory and his glorious nature through the instrument of man."

"We can glorify God by refusing to prostitute our body in its lower nature; by bringing it up to its highest form in beauty and service; and by demonstrating through it what one may become by the grace of God."

Several points in Dr. Moore's sermon were brought home to the audience by particularly apt illustrations.

### FARM BUREAU CASE WILL GO ON TRIAL SATURDAY MORNING

(Continued from Page 1)

who have granted these injunctions have recognized the validity of the co-operation marketing law and have granted the association the relief prescribed by the law.

"In one county a judge refused to grant a temporary injunction. This matter, of course, has been given publicity by those who are opposed to the marketing association, although these same enemies of cooperative marketing did not give publicity to the fact that other judges had granted temporary injunctions."

"We want our members to know, however that the decision of the District Court refusing the injunction in the one case at Waxahatchie is not the final and it has been appealed. We feel that the judge acted erroneously in refusing to grant us the relief which the law says we shall have. Our members must not forget that judges sometimes make mistakes and we believe that this judge has made a mistake in this case, and that the higher court will correct his action. An appeal has already been taken from the decision and the matter will be passed upon by the Civil Court of Appeals. We feel certain that the appellate court will sustain the contract and the law and that the ruling of the district court will be reversed. Suits to be Filed

is opposed to the ruling of other district courts of this state will not prevent us from filing suits against any member who breach their contracts. We want the cooperation of all members in sending information to any grower who becomes so disloyal to his fellow members he will not stick with them, the association does not want to sue its members, but if any cannot keep their written word, it will enforce its rights against them to protect loyal members."

(Continued from Page 1)

And at the close of the campaign, the votes will be counted by a committee of prominent business men. Those who have obtained the greatest number of votes will be formally presented with the handsome prizes—prizes that were won simply by collecting votes in spare time.

### NOW IS THE TIME

Now, right now, TODAY, is the time to begin.

If you want the big Buick 5-passenger sedan car or the Buick 5-passenger six touring car so that you can ride when you wish and take your friends or your family driving, there is no reason why you cannot win it—Think of having a car to go where you wish and stop as long as you like—a car that has a reputation for reliability all the way through, luxurious, comfortable and powerful. That's just what you can have if you are willing to put forth a little effort and a little hustle and energy during your spare time.

### People Say "I Can't"

Nearly every candidate will say "Oh I may try but I know that I can't win it." All will be of about the same opinion. But the man or woman, boy or girl who first decides that he or she is going to win and has the confidence to do his or her very best is very likely to be proclaimed among the winners of the very biggest of the prizes.

### MORE VOTES GIVEN NOW

Understand, too, that more votes are given now for subscriptions than at the end of the campaign. This is done in fairness to the ones that get out and hustle at the start and will not allow anyone to step in at the last minute and win.

You can't buy these prizes—but you can win them by your own honest and enthusiastic efforts. Votes positively will not be sold.

### Get Started Today

Of course, you can accomplish nothing towards sharing in the grand gift distribution until you get started. So it is very important that you cut out the nomination coupon in this issue and send or bring it in this very day. Once started, if you are the ambitious sort, you will become the possessor of the kind of enthusiasm that will lead you to greater things—enthusiasm that should make one of the big prizes yours.

### Get In and Win

Read the announcement of the campaign and start today. Bear in mind that every active participant who does not land one of the big prizes will be paid in cash for his or her efforts.

Election headquarters will be open today and this evening and every other evening until nine (9:00) o'clock. You are invited to call for any information \$2.25 you desire. If unable to call person-

ally, phone 171. Ask for the campaign manager. Come in and have this generous proposition explained to you in detail and learn about the costly prizes that are awaiting those who are privileged to participate.

### IMPORTANT TO CANDIDATES

The names of the candidates who are being nominated in the Record's mammoth "Everybody Wins" election will be published within a few days.

All persons who wish to share in the gift distribution should send in their names immediately so that they may be included in the list.

The entire campaign is of the extremely short duration, so that an early start is imperative to those who desire the larger prizes.

If you have not yet done so and wish to share in the greatest distribution of gifts ever made in Willbarger county, RUSH YOUR NOMINATION to the election headquarters at the Record office at once.

## CITY'S FIRST TEST WELL NOW FLOWING

EXCAVATION MADE IN HILLSIDE  
SATURDAY RELEASES STREAM  
OF WATER.

Near the spot which, according to a tradition, current among early settlers, was a favorite rendezvous for Comanche, Creek and Chickasaw Indians when the first tide of white settlers crept into this section of Texas, is a hole, spaded out last week. It is about five feet in diameter and four feet deep and from its bottom, running out through a ditch into the valley below, ripples a stream of clear water of sizable volume.

The "well" was dug Saturday afternoon, under the direction of City Engineer Robinson. It is located on the side of the rise of ground which marks the limit of the Pease river's flood plain, and is on a 21 acre tract purchased more than a year ago by the city of Vernon, with a view to developing an additional water supply.

A 40-acre tract intervenes between the land owned by the city and Condon Springs, where, legend has it, the redskins used to gather to quench their thirst, before the coming of the white man's liquor destroyed their taste for nature's beverage.

Below the slope of ground, in the valley, are a series of surface tanks which are fed by water from the hillside. All along the bluff, where the water sand outcrops, are patches of rank vegetation, trees and vines and shrubbery.

### Sand and Gravel Strata

The water in the excavation made Saturday comes from a strata of mixed gravel and sand, which is so "crumbly" that one can dig far under the bank with his hands.

Less than a half mile this side of the city's property is one of the two wells which furnish water for the Denver railroad. These wells are pumped by electricity and despite the fact that as high as 40 carloads of water a day have been taken from them they are apparently as strong as ever. Several carloads are now being shipped daily from the wells to towns and cities above Vernon, according to Denver officials.

City officials plan to make a thorough test of the 21 acre tract, to see how much water it will furnish. If the test is satisfactory, it is planned to perforate the hillside with wells, build a reservoir in the valley below to hold the water, and put in a ten inch main to the city and a pumping plant.

### Land Subject to Overflow

One of the problems facing the city in connection with the project arises from the fact that the land in the valley is subject to overflow from the Pease river. It is thought that this difficulty can be removed by construction of a levee to divert the flood water.

The city made an excavation at the spot where the present one was dug at the time it purchased the property. The sandy soil partially filled the hole and choked off the stream. The present well is deeper and larger than the one originally dug. It is planned to sink two or three more "wildcat" holes on the hillside, in order to furnish a thorough test.

### SEVERAL VISITORS TO ATTEND GUEST DAY PROGRAM

Mrs. C. F. Spencer, formerly president of the Wichita Falls Music Club, will arrive in this city tomorrow to attend the guest day program of the Vernon Music club, according to an announcement yesterday by Mrs. C. J.

## DANCER, BROKE, HELD IN NEW YORK

Rose Miller, dancer, returning from an engagement in Colon, Panama, was detained at Ellis Island Immigration Station, in New York Harbor, under a new immigration law, though she has been a resident of Lewiston, Maine since she was three years old. She had only \$10 with her and wired her parents for more.

Farrell, at whose home the program will be given. Mrs. Spencer is spending the winter in Dallas. Mrs. Nichols who is now serving as president of the Wichita Falls Music club, also is expected to be here, accompanied by friends, while Mrs. J. D. Hughes, president of the music club of Quanah, has accepted an invitation to be present. Elthel Allen Nelson, violinist and composer who will appear on the program Wednesday and also at the reception planned for Thursday afternoon by the County Federation of Clubs, is expected to arrive Wednesday morning from Wichita Falls, by automobile. He will be accompanied by Miss Annette Walsh, who will appear with him at the piano.

Mrs. Nelson has won very favorable

comment from critics, who praise his compositions and his work with the violin. Recently a writer in a Wichita Falls paper spoke of his work at a concert as follows:

"Mr. Nelson's renditions of his own compositions was a special revelation of daintiness and variety. They were fanciful in conception, original in theme which was consistent with the thought he desired to portray, and each piece suggested a story."

"The first group, Sonata in G Minor, by Tartini, in two movements and the Bach Chaconne for the violin, was well chosen to demonstrate his thorough schooling and ease of sound interpretation."

"He was very plastic without over emotion with none of the cheap pyrotechnics of an unfinished musician. Mr. Nelson does not create austere tones of the cheap vaudeville."

"It expressed good taste and judgment when Mr. Nelson selected Miss Walsh as his accompanist. We recognize Miss Walsh as one of the best in this capacity and her rendition last evening vindicated her excellent reputation. Her own special number was well interpreted and did her credit."

Mrs. John F. Lyons, of Fort Worth president of the Federated Music clubs of America, will be the guest of honor at the program.

## COURTS WILL BE IDLE UNTIL 1923

JUDGE J. A. NABERS FINISHES  
LAST SESSION ON WILBARGER  
COUNTY BENCH

County court closed its fall term last Saturday, and will not convene in regular session again until the first Monday in January. Following a special term of the Forty Sixth district court this week, Wilbarger county's legal machinery will be idle until next year. District court will not be in regular session again until February.

Judge J. A. Nabers, who is holding court at Quanah this week, will not appear on the bench here again. His long period of service as a district judge will end this year.

Judge Nabers recently stated that he will rest up a while when his term of office is out, and that later he may take up private law practice again. He will continue to make his residence in Vernon.

County Judge McHugh will be occupied with his duties as presiding member of the commissioners' court. Owing to the fact that contracts for highway improvement were recently awarded, while plans for additional road work are being drawn, the commissioners' court has a large amount of work ahead of it in the next two or three months.

## LAND CASE TRIAL GETS UNDER WAY

LARGE CROWDS AT COURT; SPECIAL DISTRICT JUDGE CHOSEN FOR WEEK

The case of W. B. Lovelace, guardian of the person and estate of G. R. McClain and his minor heirs, versus Mrs. Florence Thompson and others went on trial Monday morning, at a special term of the forty sixth district court.

At a meeting of the bar association early Monday, presided over by M. C. Culbertson, Robert Cole, of Crowell, was unanimously chosen as special district judge for the week in place of Judge Nabers, who is in Quanah.

The Lovelace case will be tried before a jury, under a decision reached at a conference of attorneys and the court. Sheriff Ish summoned 24 jurors Monday morning to appear at 1:30 p. m. for duty.

The case involves title and possession of a 100 acre tract of land, located about eight miles north of Vernon. According to the claim made by Mr. Lovelace as guardian for Mr. McClain, title and possession of the land in question was wrongfully secured on Jan. 1, 1921, a few days after the former had been appointed to act as guardian to Mr. McClain and his property.

Indications are that the case will occupy two or three days. A large crowd of people from the neighborhood of the land which is in dispute are attending the trial.

The plaintiff is asking title and pos-

session of the land, claiming that damage of \$20,000 has been suffered by the alleged seizure, as well as \$2,000 in rental.

## 7,050 ACRES OF FINE COTTON LAND FOR SALE IN THE NORTHWEST PART OF LUBBOCK COUNTY

Above land is located in the Northwest corner of Lubbock county, bordering and lying north of the main line of the Santa Fe Railroad, five miles north-west of the town of Shallowater and one mile east of Roundup station, both on the Santa Fe main line, and ten miles west of Abilene on Amarillo branch of the Santa Fe. This land is practically level, dark red, sandy, cat-claw land. Very fine wheat, cotton, corn and other row crop land, and is in the famous shallow water belt. One school a mile from northeast corner of this tract, (Pettit School), another two miles from southeast corner (Hardy School) 5 miles to Shallowater schools. State highway on south line, public roads leading to all parts of the ranch. An open road will be left around each section of this tract.

## We Are Offering This Land on Following Basis

\$25.00 per acre, this price to include a good, substantial three-wire fence enclosing each tract, on the following terms: You build and pay for improvements as cash payment. After necessary improvements are made you make a loan with one of the Joint Stock Land Banks or Federal Land Bank, running from one to thirty-three years at 5 1/2 or 6 per cent interest, and pay balance to Spencer Brothers as second lien notes, running from one to ten years at 8 per cent interest.

We feel sure that these terms will meet any demands and that it is a wonderful chance for every man to own his own home.

## MURRAY'S SHOP

# ARE YOU ASLEEP?

DO YOU KNOW that the Record will in a few weeks give away absolutely Free the handsomest and most costly collection of prizes ever offered in northwestern Texas—to be given away without a cent of cost, simply as a reward for ambition and a little pleasant, easy effort?

DO YOU REALIZE that the Grand Capital Prizes in this election—two brand new automobiles worth \$1,485.00 and \$1,355.00 each, represent more than the average head of a family earns in a year's time or more than many people save in a life time.

COULD YOU use a Purse of \$300.00 in gold, or one of those \$100 bags? Or wouldn't a little pin money, 20 per cent commission on every dollar you collect, if you fail to win one of the big prizes, come in handy? CAN YOU IMAGINE an easier, quicker or more pleasant way to secure a nucleus for a home, vacation trip or a start in business, than through the offer this paper is making?

THERE'S NO DENYING the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired through your spare time and efforts without one penny of cost.

DO YOU WANT one of the Automobiles or a big bag of gold at the expense of the Record, or would you prefer it to be in cash—greenbacks, good old coin—of the realm?

DO YOU WANT one of the Grand Prizes? Well, you can have any prize in the list if you will but grasp the opportunity and take immediate action—and you can do it in just a few days of your spare time. THE RECORD is being read by hundreds of people in Vernon and the surrounding territory, but there is no longer such a thing as "good enough;" continual growth and expansion are wanted. To make this growth possible, the participation of live energetic men and women—married or single—is necessary. And, in order to obtain the desired interest in this campaign, the most elaborate list of prizes ever offered by any newspaper in this section of the state has been made ready for distribution among those who participate most heartily.

HERE IS AN OPPORTUNITY, surely, for the man or woman who looks at a thing from a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. There is over \$700.00 a month in it. Does that interest you? How's that for a business proposition during your spare moments? One hour a day is sufficient time to win the biggest prize offered.

## CAMPAIGN JUST STARTING

The competition which is just starting, is now open to any reputable man, woman or child in Wilbarger county. All that is necessary to enter the race is to clip the free nomination coupon appearing in this paper, fill in your name and address to the Campaign Department of the Vernon Record, Vernon, Texas. This coupon entitles you to 5,000 FREE VOTES and gives you a quick, flying start toward success.

UPON RECEIPT OF NOMINATION COUPON, DETAILED INFORMATION, TOGETHER WITH A FREE WORKING OUTFIT, WILL BE SENT; AND A REPRESENTATIVE WILL CALL AND LEND FURTHER ASSISTANCE.

### LIBERAL PRIZE PLAN PROVIDES CASH FOR ALL

Every Participant in The  
Vernon Record Elec-  
tion Is Rewarded

### CASH SPARE TIME

Still Plenty of Room for  
Ambitious People to  
Reap Harvest

It is true that some systematic work should be done by the candidates in The Vernon Record's "Everybody Wins" campaign if they wish to make sure of the splendid prizes offered them. And right now is the time to start in earnest.

Did you ever have an opportunity offered you in which you were PAID in cash for the effort necessary to secure such an award as a five-passenger 1923 model \$1485 Buick sedan touring car or a 1923 five passenger \$1355 Buick or even \$300 in gold, or any one of the other big prizes. You are PAID for whatever time you put into this campaign by The Vernon Record, whether you win or not.

Every active candidate is guaranteed a cash prize, and if you get started NOW and enter into the campaign in earnest, while you are assuring yourself of this cash prize, you can secure one of the big new 1923 cars—and secure it without the expenditure of one cent in the next few weeks.

It is almost inconceivable that candidates will hesitate in going after such a generous proposition and going

after it strong. It is a positive fact that some of the friends of the candidates are taking more interest in and sending in more votes for them than the candidates are themselves. The majority of the candidates seem to be content to send in a few coupons and expect their friends to do the rest for them without making any effort themselves.

The past two days there were more subscriptions turned into the office by subscribers themselves who gave their favorites the benefit of the votes than most of the candidates brought in.

There is opportunity galore for any five person who will make an effort in this liberal campaign. There are lots of subscribers for those who will ask for them. The prizes are so very valuable that no amount of effort is too much to put forth in winning them.

And every subscription means CASH to you and increases your hold on the big prizes.

It isn't every day that you have an opportunity of securing a real automobile by your own efforts—and are paid in cash for those efforts.

#### It's Up to You

Are YOU going to be a big prize winner or are you to be numbered among those who wish they had tried earlier.

The schedule for issuing votes is shown elsewhere. Just look it over and you will see that with a very few subscriptions you will be away up in the thousands. Just try it today. You will be surprised how rapidly your total will roll up. With the large number of votes given for subscriptions NOW is the time for you to enter. Get out and see your friends and WIN—YOU CAN!

The election headquarters at The Vernon Record office is open from 9 a. m. to 9 p. m. Write, phone No. 171 or call and bring your nomination blank if your name is not entered.

And remember this—regardless of the fact that the campaign is not progressing as fast as it should, every prize, gold and automobiles, will be given away exactly as announced.

A list of the few candidates in the election will appear in a few days.

### For Your Attention

The Vernon Record wishes to call the attention of its readers to the opportunity that exists in the mammoth "Everybody Wins" voting election being announced in its columns. Without one cent of cost some persons will secure awards, the cash value of which are \$1485 and \$1355 in the short space of six weeks, during the spare moments that otherwise would be wasted. Many wonderful prizes and hundreds of dollars in gold and silver await those who wish to turn their spare moments into cash. And it has been so planned that there will be no losers—every active candidate will be paid in cash for his or her efforts. There never has been such a prize list offered by a newspaper in this section and there probably never will be another of such magnitude.

The Vernon Record has been commended on every side for its liberality and generosity in distributing such a vast amount of gold and prizes among its home folks instead of spending this money with outside solicitors and collectors. Although it undoubtedly means a big temporary loss on the part of The Vernon Record the management will feel well repaid through this expenditure the newspaper is better advertised throughout the city and country and more homes are made regular readers of it. In fact, the real purpose of the campaign is the increasing of the subscription list, regardless of expense.

The Vernon Record invites you to become a participant in this tremendous gift distribution. It doesn't cost you one cent to enter or to win one of the biggest prizes in the entire list. From a good sound business standpoint it is worthy of your best efforts during your spare time.

Nominations are now open and it is advisable for those who wish to participate to send in their names immediately.

### SPECIAL NOTICE

It should be distinctly understood that there are two big beautiful automobiles, and two complete sets of prizes to be distributed by The Vernon Record in its big Gift Election.

One of the automobiles and as many other big cash prizes as there are active participants are to be distributed to those contentants living outside of the city of Vernon, including Wilbarger county and adjacent territory. And the other big car and just as many big cash prizes there are participants will be awarded to all those who reside in the city, and participate.

So, participants living outside the city of Vernon do NOT have to compete against those living IN the city, or vice versa. This is one of the fairest and best features of the whole distribution. And everyone who participates will secure a car or a cash addition to their present income in the next few weeks—there will not be a person in the election who will not profit nicely and unusually big, without investing one cent, in their SPARE MOMENTS.

People, as a whole, are composed of two classes—those who DO things, and those who do not try, but instead, spend all their spare time in complaining that others get all the good things in life. The latter class plod along in a meagre existence, simply because they do not seize the opportunities that are offered them. Life has about the same to offer everyone, but it is those who are AWAKE and who SEE and TAKE advantage of opportunities open to them who get the good things and prosper. Not because they are necessarily brighter or more capable than others but because they ACT instead of sit back and wail, "I Can't."

And so it is in The Vernon Record's big \$5,000.00 Prize Distribution. There never was or ever will be such an opportunity offered Vernon and Wilbarger County people. Think for a moment just what this proposition means to YOU—WITHOUT SPENDING ONE CENT YOU CAN WIN AS HIGH AS \$1,485.00 IN THE NEXT SIX WEEKS; and you cannot lose for you are paid in cash for every subscription that you secure.

Have you ever been offered a better business proposition? Have you ever cashed your spare time for more REAL MONEY? Every prize must have an owner and if your name is sent in immediately and included in the list of candidates, YOU can win the prize of your choice. But you must ACT NOW. The campaign is a very short one and will be all out and over in a few weeks.

### Do You Realize

that the semi-weekly Vernon Record will in a few short weeks give away absolutely free the handsomest collection of valuable prizes and gifts ever offered in Texas in recognition of enterprise and action?

### Do You Realize

that the grand capital prizes of this big advertising campaign are 2 brand-new 1923 model Buick cars—represent more than the average head of a family earns in a year's time, and is more than most people save in a lifetime?

### Can You Imagine

any easier, quicker or more pleasant way to secure an automobile or a big bag of gold or a valuable gift—than through the offer this newspaper is making?

### Can You Use

a purse of \$300.00 in gold—or one of the \$100.00 bags of silver? Or wouldn't some money—twenty per cent commission on every

dollar you collect if you fail to win one of the big prizes—come in handy?

### An Undeniable Fact

There's no denying the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired solely through your spare time and effort without one penny of cost.

### You, Yourself

can have any prize or gift in the list if you but grasp this opportunity and take immediate action—and you can do it in just a few days—just six short weeks. The Semi-weekly Vernon Record is now being read by hundreds of people in this community, but there is no such thing as "well enough"—continual growth and expansion is wanted. To make this growth possible, the participation of live, energetic men and women, and boys and girls is necessary. And in order to obtain the desired interest in the campaign the most elaborate list of prizes ever offered by any newspaper in Texas has been made ready for distribution among those who participate most heartily.

### HOW TO ENTER

To enter your name and share in the big distribution, simply fill out the nomination blank on page one of this issue and send it or bring it to the office of The Vernon Record.

### HOW TO GET VOTES AND WIN

A good way to go about paving the way for a successful campaign is to telephone, say, about a dozen or more of your friends. Suppose they are all taking The Vernon Record. First ask each one of them to save their voting coupons out of the paper for you. Then explain to those who are already subscribers to The Vernon Record just how many votes a renewal subscription will give you. They can take a year or more at the price of \$2.00 per year if they renew now, and, too, it eliminates the bother of a collector coming around from the office. If some of them do not take The Vernon Record regularly ask them for their subscription. It does not cost them one cent more to pay you their subscription than to pay into the office—and it gives you the votes and a prize.

And think what these votes and prizes mean to you. As fine an automobile as you wish to own, or hundreds of dollars in cash—and it is all within your power to secure if you send in your name.

Aim high. Go after the automobiles. Someone will win them, and it can be you. IT'S ALL UP TO YOU. Send in that nomination blank today.

### Here, Now

is the opportunity, surely, for the man or woman who looks at a thing from strictly a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. SOME ONE WILL MAKE OVER \$225.00 EVERY WEEK DURING THE NEXT SIX WEEKS IN THIS PROPOSITION. HOW'S THAT FOR A GOOD SOUND BUSINESS OPPORTUNITY WITHOUT THE EXPENDITURE OF ONE CENT?

### Just Starting

The competition, which is just being announced, is now open to any reputable man or woman, boy or girl, residing in this community. All that is necessary to enter and share in the gigantic distribution is to clip the free nomination blank appearing in this issue; fill in your name and address and mail or deliver it to The Vernon Record office, Vernon, Texas. This coupon entitles you to 10,000 votes and gives you a flying start toward success. Upon the receiving it at The Vernon Record office, detailed information, together with a free working outfit will be sent or furnished. If there is any information desired, simply call or phone The Vernon Record.

## INVENTION CARRIED TOO FAR

There is such a thing as carrying in-  
vention too far, and if our mechanical  
wizards aren't careful they will take a  
large part of the joy out of life. For  
example, there is the modern clock; the  
one which runs on standard time and  
corrects itself every hour. It will rob two members of the household  
of a very real pleasure; the man, for  
he enjoys winding a clock; and the  
woman, for she enjoys reminding her  
husband that he has forgotten to wind  
the family time-piece and has let it  
run down. In some cases his forget-  
fulness reaches epoch proportions, and  
she can point to the fact that the clock  
hasn't been allowed to run down before  
since grandfather became the father  
of twins—and there was really some  
excuse for forgetfulness on an occa-  
sion like that.

And then the present day clock, the  
self winding one, is so awfully cor-  
rect that it makes a person feel badly  
at times. A clock which varies a  
couple of minutes a day has a sort of  
human quality about it, while the old  
relic which dangles along until it is  
four hours slow and then starts run-  
ning like a hound dog at meal time  
is really lovable.

One of the chief pleasures of friend-  
ly gatherings is to compare time-pieces,  
and everybody used to feel proud when  
all their watches and host's clock reg-  
istered between the same hour marks.  
But this harmless enjoyment will soon  
be denied us, now that we have time  
pieces which would sooner fly into a  
hopeless wreck than vary three six-  
teenths of a second in a year.

FUEL DEALERS HAVE BUSY  
TIMES DELIVERING COAL

Fuel dealers are having busy times  
nowadays, with orders coming in for as  
much coal as is received. Many per-  
sons are carrying into practice their  
theory of preparedness by stocking up  
with fuel for the winter, local dealers  
say.

Shipments of coal are arriving regu-  
larly, from Oklahoma and from Ala-  
bama and other states. Prices at pres-  
ent range in the neighborhood of \$15 a  
ton.

## USE THE HOME PAPER

(By Phebe K. Warner)

Most folks seem to think all the  
HOME PAPER is for is to read. That  
done, it is time to tear it up, use it  
for wrapping paper, put it on the pan-  
try shelves or use it for kindling. All  
of which are very good ways to use the  
back numbers. Why, if we were to  
keep all the back numbers of any good  
country paper, in less than a year we  
would have collected a real library  
containing several good stories, the  
cream of the political and religious  
news of the year a record of the world's  
greatest events, and a real diary of  
the local doings of the entire county.  
But most of us are not willing to give  
the Home Paper room for even one  
short week. As a rule the life of the  
Home Paper is about two nights and  
one day. This is one reason it is the  
most sought publication in all this na-  
tion. For about the time some mem-  
ber of the family thinks of something  
they wanted TO SAVE IT'S gone.

For this reason we are going to  
suggest that everybody who takes their  
Home Paper put up a little line be-  
hind a door somewhere and file them  
away for at least a month. You would  
be surprised how many times you  
would refer to its columns. And should  
you keep them for a whole year your  
home would become a real bureau of  
information and that pile of papers the  
community's encyclopedia. Then, too,  
if you were to see all at one time all  
that you have received for \$1.50 or  
whatever price of your home paper  
may be for a year, you'd never again  
kick on the price. Instead you might  
be happy to pay for it in advance. If  
the paper alone that you receive by  
taking your home paper one year were  
laid down in your home without a let-  
ter or a line on it, just the plain, blank  
paper would be worth its cost for con-  
veniences around the home. But it is  
not this week's paper nor last week's  
paper that is the most interesting. It  
is next week's paper, the paper of the  
future, we are looking forward to  
all the time. Have you discovered the  
secret of interesting yourself in your  
home paper? If you have not, send  
something to it next week yourself,  
then count your pulse when you see  
the wrapper. It is not the NEWS that  
thrills you most. It is the sight of  
what YOU sent. That's what makes  
the home paper mean something to you.  
To read something you already knew  
about yourself or your family or your  
farm or your school; that's worth the  
price of the paper for a whole year to  
you.

But there is still a better way to get

your money back that you pay for the  
home paper. And this is just as true  
of the farmer as the business man of  
the town. And that is to ADVERTISE.  
Why does the merchant advertise? To  
sell the country folks as well as the  
town folks know what he has for sale.  
To get rid of what he has on hand so  
he can use the cash to buy something  
else. Why should the farmer and his  
family advertise? For the self-same  
reason. To let the town folks and  
their neighbors know what they have  
that they would like to sell for cash  
or trade for something they need worse.  
The home paper should be the farm-  
er's commercial clearing house. It  
should be the universal counter over  
which the people exchange commodi-  
ties. The possibilities of rural ad-  
vertising have scarcely been touched.  
Not even the art of rural advertising  
has been either studied or taught.  
When the farm boy goes to town he  
sees the most artistic cigarette ad-  
vertisements all over the town, on sign  
boards as big as the side of a barn.  
But what of the boy's fine pigs in the  
pen? What of his sister's registered  
chickens? Who knows about the but-  
ter and eggs; the cream and the milk  
on his father's farm? Does anybody  
know about the beans and tomatoes  
or the big pumpkins that are going to  
waste in his mother's garden. And,  
oh, there are so many things the moth-  
er and children and the house need.  
If they only had the money that is go-  
ing to waste. But no one reads their  
advertisements. But almost every week  
they answer the call of the city ad-  
vertisers in their home paper or else-  
where and away goes the little cash  
they have to some foreign city—to  
get something they have never seen—  
because it is CHEAP! One of the  
richest advertising fields in America  
is the rural field and it should be  
cultivated and the crop harvested by  
the home paper. Isn't it queer that  
the cities will take advantage of every  
big tree by the side of the road—the  
board fences that bound the fields of  
grain, the bridge banisters, the rocks,  
if they happen to be near a road, and  
even the barns and hen houses of the  
farmers to advertise their wares, but  
never a word said about what is in the  
barn or hen house or the field.

Mother if you have chickens or tur-  
keys to sell advertise them. Maybe  
some of your neighbors would find it  
out and buy them before somebody  
steals them. The thieves know who  
have good chickens, and where to get

them. But no one else does. Son,  
if you have a bushel of peanuts or pop-  
corn to spare—advertise it. Some-  
body wants it. There are lots of  
folks wanting pumpkins for Hallow-  
een and don't know where to get  
them. Let's make the country as  
interesting as the city by advertising  
what is there.

## HARROLD

By Special Correspondent

Harrold, Oct. 23.—Quarterly con-  
ference was held at the Methodist  
church Saturday. Rev. Dickinson of  
the Vernon Methodist church preached  
the sermon Saturday morning as pre-  
siding Elder. Rev. Garvin was called  
home by his wife's illness. Pastor  
J. T. Johnson conducted his regular  
services Sunday morning and night.  
The Home Demonstration club met  
Thursday with Mrs. Dane and made  
a dress form. The next meeting will  
be held at the school house, Nov. 16.  
Miss Bertha Steccart, home economics  
teachers, has invited the club to meet  
with her class from 1 to 2:30 p. m.  
Other teachers expect visits from the  
club members the remainder of the af-  
ternoon.

Mrs. Oscar Havens has been ill this  
week, but is better at present.  
Mrs. A. T. Hammer was an Electric

shopper last week.

Miss Rosa Trisler of the Elliott  
school faculty spent the week end in  
Harrold with relatives.

Mrs. Rufe Sanderson's mother, Mrs.  
Gillis, of Vernon, has been visiting  
in Harrold.

The ball game Friday between Iowa  
Park and Harrold resulted in a score  
of 30 to 21 in favor of Harrold.

A number of Harrold young folks  
enjoyed a Weenie roast at the county  
Lime Tank Saturday night.

Misses Ruth and Lela Ray Hout-  
chens have been visiting their sister, Mrs.  
Roy Lemons.

Y. C. W. met at the Methodist church  
Sunday afternoon. A nice program  
of readings, talks and songs was en-  
joyed by all present.

Miss Sue Gribble entertained a num-  
ber of her friends Friday night with a  
fudge party. Those present were  
Misses Kate Nell, Myrtle Faye Stone,  
Verna Rook, Nannie Sanderson, Rama  
Parmerly, Cora Trisler, Sue Gribble,  
and Messrs Cecil and Roscoe Luttrell,  
Sam Vaughan, Gober and A. Wilkin-

## FANS GET RETURNS ON LONGHORN GAME

FAMOUS TEXAS SONG HEARD BY FORMER UNIVERSITY OF TEXAS STUDENTS

Several former students of the University of Texas gathered at the office of the Vernon Electric company Saturday afternoon to hear returns on the game at Dallas between the Van derbilt commodores and the Texas Longhorns. The game was broadcast by the Dallas News and Journal station, which had a sending apparatus set up on the field.

The Vernon Electric company Saturday completed the installation of a new receiving set with two steps and three stages of amplification. Although a "light" was burned out before the game started, the Dallas station was heard plainly, and the cheers of the fans often broke in on the voice of the broadcaster. At one time the famous University of Texas song, "The Eyes of Texas Are Upon You," came in clearly.

The results of other games over the country, including one between Harvard and Centre College, also were received here. They were broadcast by the Dallas station as fast as they were received over the wires.

## REASONS FOR REDUCTION IN PRICE OF FORDS EXPLAINED

Explanation of the reasons for the \$50 reduction in the price of Ford cars and trucks, put in effect over the country last week, is contained in a statement received today by Napier Bros. Motor company, Ford dealer, from the headquarters of the company, at Detroit. The statement was issued by Edsel Ford, president of the company.

"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company enjoyed during the present year, and also the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody."

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality."

"Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which came as a result of increased volume."

Here is the new sixteen-inch gun, mounted on a barbettes carriage, which promises to make history in America's coast defense. The gun has a range of thirty miles and is declared by ordnance experts to be the most formidable rifle in the world. The projectile weighs 2,340 pounds.

## M. W. BOGER IS AWARDED VERDICT IN DAMAGE SUIT

M. W. Boger, Vernon resident, was awarded a judgement in one of two suits against the Fort Worth and Denver railroad company, following jury trials in county court last week. A verdict in favor of the railroad was rendered in the second case.

Mr. Boger was suing for damages on two delayed shipments of cattle, routed over the Denver to Fort Worth more than a year ago. He alleged that the cattle lost weight and condition, due to their delay in being sent into Fort Worth, and that their market value was materially reduced through the company's negligence.

While opposite verdicts were rendered practically the same issue were submitted in the two suits.

## WICHITA FALLS TEAM BEATS ELECTRA'S ELEVEN 13 TO 0

A number of people from Vernon witnessed the football game at Electra last Saturday, which resulted in a 13 to 0 victory for the Wichita Falls Coyotes. The result of the contest was a surprise to many people, for the Electra Tigers, winners over Wichita Falls for five consecutive seasons, were strong favorites.

The Electra eleven was badly crippled by the absence of three men who have been a strong factor in its victories. They were Standford, who plays tackle, Autry, a backfield man, who always makes his weight and fighting spirit felt, and Sanderlin, the fastest end man on the team.

The Wichita Falls eleven won the game in the first quarter, when they went through and around Electra's line for two touchdowns. The oil town boys fought hard to retrieve their fortunes. Standford and Sanderlin were put in the game, but were unable to overcome the visitors' advantage.

Wichita Falls, which is undefeated so far this season, is now looking as a strong contender for the district championship, which will be decided by Thanksgiving.

## ROTARIANS ENJOY ORCHESTRA MUSIC

VISITOR AT LUNCHEON SAYS VERNON IS SPLENDID BUSINESS CITY

Mrs. Roy McConihe and Miss Young, Miss Renfro, Miss Morrison, John Perry, Theron Staley, Charles White, Miss Reese and Thornton Ferguson, members of her orchestra, were guests of R. D. L. Killough at the regular noon meeting and luncheon of the Rotary club, last Friday. Members of the club were entertained with a number of selections, which proved very popular. Rotarians extended a rising vote of thanks for the music.

Joe Sumner, who has been on the West Coast the past three months, was again in attendance at the meeting. All members of the local Rotary club are now in this city. Mr. Sumner brought a box of cigars as a peace offering, but his gift was declared by club members to be unnecessary, in view of the excellent talk he made at the meeting.

W. N. Stokes, who had been set down on the program to sing a solo, rebelled and refused to sing. On motion of R. H. Coffee, he was extended a vote of thanks by the Rotarians for his failure to sing. All members of the club, with the exception of Mr. Stokes, supported the motion.

J. T. Jones, who attended the luncheon as the guest of J. M. Napier, praised the spirit and ideals of Rotary and the wonderful results which the organization is accomplishing. He declared that should the opportunity arise he would be glad to join. Mr. Jones is connected with the Ford Motor company.

## EXPRESS CARAVAN AROUSES CURIOSITY OF RESIDENTS

An American Express company delivery truck, with three trailers attached, each piled high with boxes, attracted the attention of persons on Main street Monday morning.

"Merchants must be doing a lot of business to order wholesale shipments by express," was the typical comment. But according to Express Agent W. J. Stuckler, the "cargo" was merely the usual Monday morning accumulation of goods.

"Our business will not show very heavy increase until a few days before Christmas," he stated. The Christmas rush usually begins about Dec. 15 and lasts until the first of the year.

SIFTING THE FLOUR AS EXPLAINED BY MILK MAID  
The grinding of the wheat into very small particles—called flour—is in order to make the wheat more easily digested and assimilated. After flour has been sacked for only a few days these small particles adhere together again thus making it impossible to properly mix or compound the dough. After securing the highest grade flour it is placed into our large electric sifter and thoroughly sifted to guarantee perfectly fresh and fluffy flour. This makes it possible to thoroughly mix the yeast and other ingredients which is so necessary for perfect, light and wholesome—

## FARM BUREAU CASE WILL GO ON TRIAL SATURDAY MORNING

Cotton Association's Plea  
to Enjoin J. M. Kessee to  
Be Heard By District  
Judge—Much Interest.

On account of the many farmers who are personally interested, and the fact that it is the first case of its kind instituted in this section of Texas, the hearing Saturday on an injunction sought by the Farm Bureau Cotton association against J. M. Kessee, a farmer, is expected to get under way before a well filled courtroom. Judge Nabers will be home in time to preside at the hearing, according to present plans, and the evidence and arguments are expected to occupy the whole day.

The cotton association is seeking a restraining order which will prevent Mr. Kessee from selling the remainder of his crop on the open market, instead of delivering it at a warehouse under the terms of a marketing agreement. There will be no dispute over the facts in the case, it is thought, and the trial will resolve itself into a hearing on the validity of the marketing agreement, signed by the farmers who joined the association.

### Opposing Decisions Rendered

In two cases in other counties in which hearings have been had on injunctions similar to the one asked here, honors have been even. Judge Carney, in district court at Atlanta, Cass county, Tex., rendered a decision in favor of the farm bureau and granted a permanent injunction against these farmers, restraining them from marketing their cotton in alleged violation of the agreement. Judge Carney, in upholding the contract, which was attacked in the suit, stated that the law permitted the organization of the cotton association and the making of the marketing contract, and that unless it could be shown that there was fraud in procuring the contract, it must stand. The court also held that the contract exacted equal obligation on the part of both the association and the members, and was therefore mutual, and that there was sufficient consideration named in the contract.

On the other hand, the district court at Waxahachie refused to grant a temporary injunction, after a hearing on the issues involved had taken place. The contract was held by this judge to be "unilateral," in that it bound the members of the association to a course of action, while it did not pledge the association to any special course of action. A number of other reasons were cited in the opinion to show why the contract was too faulty to be binding.

### Several Temporary Injunctions

In a number of cases, temporary injunctions have been granted the association against farmers, but so far as is known, the one at Waxahachie and the one at Atlanta are the only two which have been tried on their merits.

The case against Mr. Kessee is the first of what may prove a long chain of litigation in this county. The exact number of farmers who have sold their cotton on the open market, in spite of the marketing agreement which they signed with the association, is in doubt, but according to some estimates, there is a considerable percentage of the total membership of the association in this county who have adopted this course.

Regardless of how the issue is decided here, an appeal will be taken to the court of civil appeals, according to attorneys in the case. The Waxahachie case has already been appealed.

Unless the first test case is set forward on the calendar of the state supreme court, when it is appealed there from the court of civil appeals, there is little likelihood of the issue being definitely decided before next summer, in the belief of local attorneys.

### "Enemies of Association"

The publicity department of the cotton association last Friday issued the following statement regarding the cases filed recently in Texas courts:

"In one county a judge refused to be able to obtain temporary injunctions, restraining members from delivering to persons other than the association in violation of their contract until the trial of the action. The judges

## Klan Parade Expected To Draw Crowds From Radius Of Many Miles

From 1,000 to 1,500 klansmen will take part in the parade and concert and celebration which is scheduled to take place in Vernon Thursday night, according to reports current today, while one of the largest crowds ever assembled here will witness the event, in the belief of many local citizens. Visitors from Texas and Oklahoma towns in a radius of 75 miles are expected, in addition to visiting klansmen.

The parade will be down Main street, from the corner opposite the Record building to the courthouse square, according to this announcement.

City officials have been requested to close Main street to automobile traffic, after the parade gets under way, and arrangements have been made to park cars with the engines facing the street in order that persons in the cars may get a good view of the klansmen.

## WILL PRINT 5,380 ELECTION BALLOTS

COUNTY AWARDS CONTRACT;  
WORK WILL BE STARTED  
THIS WEEK

Names of 48 Democratic and 14 Republican candidates are on the ballot which will be presented to Wilbarger county voters Nov. 7. Only state offices are included on the Republican ticket. A few precinct offices in Wilbarger county are not represented by candidates.

The ballot is made out in four parts: one section, representing Democratic nominees, a second Republican, a third Independent, and a fourth blank. There are no names listed under the Independent heading.

About 5,380 ballots will be printed by election officials of Wilbarger county. A contract has been awarded a local newspaper. On account of the large amount of work involved in preparing the ballots and delivering them to election judges of each precinct the work will be started this week.

## CONTRIBUTE PRIZES TO FUND FOR PARK

TWO WINNERS IN RECORD'S PROGRAM MAKE DISPOSITION  
OF AWARDS.

Announcement was made today that Mrs. L. G. Hawkins and Mrs. W. H. Huggins had contributed their cash prizes, recently won in the Record's misspelled word publicity program, to the Allingham Park fund.

The program, which ran for 10 weeks attracted the interest of many readers of the Record, and was participated in by many people.

Mrs. Hawkins was awarded the first prize amounting to \$50, while Mrs. Huggins took the fourth prize of \$10.

## FARMER MAKES NEW PRICE RECORD WITH LONG STAPLE

E. T. Burchfield, farmer residing four miles southwest of Vernon, Saturday made a new high record for this season in the county on the price of cotton, when he sold a bale of long staple for 24 and three fourths cents a pound. Bennett and Long, local cotton buyers, were the purchasers.

Mr. Burchfield has six acres planted in long staple cotton, he stated, and expects to harvest three bales from the patch.

"I intend to plant 20 acres next year," he declared. "I believe the long staple grown on my farm this year is the equal of any cotton I know anything about."

The bale he sold Saturday was classed as middling and the staple was labeled as an inch and a quarter.

Mr. Burchfield has 90 acres in cotton this year. He has picked 45 bales and expects to secure 20 more bales.

### Visitors Leave for Fort Worth

Mr. and Mrs. J. P. Hix, of Fort Worth, Mrs. B. W. Huckabee, of California, and Dr. and Mrs. J. E. Hix and their small son, of Ancon, Canal Zone, returned to Fort Worth Monday after having spent several days with J. B. Edwards and family of Vernon.

## MISSING GIRL WAS "HIRED MAN."

When Margaret Davis, a fourteen-year-old Chicago schoolgirl, disappeared her parents were convinced she had either been kidnapped or murdered. Frantic search for a week failed to locate her until a chance clue led to the discovery that, as a boy, she was the "hired man" on a farm near Roselle, Ill., where she was known as Dick Davis.

## S. O. S.

That is a call for help. It is a call to help yourself. The Record's great "Everybody Wins" campaign is on. To be frank about it comparatively few candidates have entered so far. That, of course, is the Record's funeral. You are not interested. But you ought to be, especially if you have considered being a candidate.

It ought to dawn on you that, with a condition like this, your chances are better. If you will use your think-tank you'll see the light.

The Buick 5-passenger Sedan and the Buick 5-passenger touring car, the \$300 in gold and the other cash prizes bringing the total cash prizes to \$3,440.00, and the cash commissions, altogether totaling about \$5,140.00, will be awarded. That fact is certain.

Now, the man or woman with a "go-get-em" spirit is in better shape than if contestants were clamoring to get in.

Just the why of this—that is the question. Perhaps the great array of prizes has scared some of you. Were the prizes a phonograph or a piano you would fall over yourselves to get in. But because \$5,140.00 is put up you think you will have to have too many votes.

Goodness alive! It doesn't make any difference whether the winner has 100,000 votes or one million votes. The high person gets the Buick and others get prizes in proportion.

It is all in your head. It's a condition. Get your thinking apparatus to functioning and you'll see it all in a light that will make you wonder why you haven't been in before.

Subscriptions received before November 18, you know, count more than afterwards. The early bird catches the worm—that's the cream, the easy pickings. And the easy pickings, with the greater votes credit, may be the deciding factor in this election. Now get in. Let's go!

### ONLY ONE WAY

make nominations. Candidates must either nominate themselves or be the choice of some friend who will do it for them. The management is not going to place any names in the campaign, and if you want to be sure that your name is among those from which the owners of the grand prizes are to be chosen, the surest way is to send or bring in your nomination blank yourself. Do this at once.

### Office Open Evenings

During the big prize campaign, the election headquarters at the Record office will be open every evening until nine (9:00) o'clock to answer inquiries, receive votes, etc.

Bear in mind that it will not take long to win one of the big prizes. The campaign will be a very short one. (Continued on page 2)

## TO OUR READERS

Rumors have reached The Vernon Record office that because of the fact that the "Everybody Wins" campaign was starting so slowly, the prizes would either be reduced in value or the entire proposition "called off."

The management of The Vernon Record wishes to make this definite and emphatic statement: Notwithstanding the slowness of the campaign, regardless of how few or how many subscriptions come in EVERY PRIZE WILL BE GIVEN AWAY just exactly as advertised. This is positive and final.

The big cars are bought and paid for; the money is on deposit in the bank for all the big prizes and commissions. And those who have or may interest themselves in the prize distribution may rest assured that every single feature of the whole proposition will be carried out, regardless of rumors to the contrary. The reputation of The Vernon Record is back of this statement.

It might be added that an unusually splendid opportunity does exist in this event for some hustlers to make \$1,485.00 or \$1,355.00 in the next few weeks. Some persons are bound to get the cars. If your name is on the list, one of them can be you. If you are "live" and in the least awake to opportunity, it might pay you to send in your name and get busy. It's simply a case of—you cannot lose for The Vernon Record guarantees you either a cash prize or one of the larger awards, but you CAN WIN MIGHTY BIG.

## FARM MANAGEMENT SURVEY PLANNED IN WILBARGER COUNTY

Experts From A. & M.  
Will Visit Oklaunion  
and Harrold to Compile  
Data and Recommend.

Two Wilbarger county communities have been selected by the farm management bureau of A. & M. College for a farm management survey, it was announced today, and they will be the only two places in Texas where such a survey is made this year. They are Oklaunion and Harrold.

The work will be in charge of P. K. Whelpton of the department of farm management of A. & M. He is planning to arrive in Oklaunion Nov. 6, accompanied by W. F. Daugherty of the extension department. A week will be spent in the survey at Oklaunion and the following week will be spent at Harrold.

Only a few counties in the state including Dallas and Ellis, have been surveyed by the farm management experts. Residents of Oklaunion and Harrold feel elated that their communities should be picked for this work.

V. R. Glazener, superintendent of the Oklaunion schools, and a graduate of A. & M., is largely responsible for the visit of the farm management experts. R. S. Covey, superintendent at Harrold, and also an A. & M. graduate, also has exerted his influence to have the two men visit his community.

Mr. Glazener will accompany Mr. Whelpton and Mr. Daugherty on their survey, and aid them in the work. Only two farms a day will be inspected by each man.

The work includes the gathering of data on costs of farm operation, upkeep of machinery, expenses of feeding livestock, disbursements and other figures and facts. The data gathered by the A. & M. men will be compiled and used in class room work at the college. Copies of the reports will be sent to all farmers whose places are included in the survey, together with recommendations based on a study of the reports.

Farmers in the Oklaunion and Harrold communities have been requested by the two school superintendents to assemble figures on the operating expenses of their farms. A number of farmers have given assurance that they will lend every possible assistance in the work.

The purpose of the farm management, which is a new feature at A. & M., is, broadly speaking, to perform the same service for the farmer that an efficiency expert performs for the business man.

## TOTAL FOR COUNTY NOW 19,036 BALES

RAINS INTERFERE WITH MOVEMENT OF STAPLE TO GINS;  
PREDICT 25,000 BALES

Rains of the last few days have materially slowed up movement of cotton to the gins, according to statements from gin men over the county today. Wilbarger has gained a total of 19,036 bales this season, the reports show, which is a little more than 1,500 bales above figures for a week ago, and about the same amount above the total for this time last year.

Cotton dealers and gin managers express confidence that a ginning rush will again be under way now that cotton has dried out, and will continue for perhaps two weeks. Estimates of the total yield in this county for the season are now running as high as 25,000 bales.

Vernon gins have turned out 8,229 bales to date, while other gins in the county have accounted for 10,807 bales according to figures compiled by the Record today.

The report for Vernon gins: Peoples, 1975; Vernon, 1,752; Farmers, 1,686; Farmers and Merchants, 835; Planters, 1,982.

Other gins in the county: Tolbert, 537; Lockett, 1,774; Parsley Hill, 885; Odell, 1,285 and 1,600; Elliott (estimated) 500; Rayland, 1,262; Fargo, 1,500; Harrold, 494; Oklaunion, (two gins), 1,050.

## Fair Association's Head Appeals for Attendance At Meeting Next Friday

Decision on Route of  
Lee Highway Expected  
November Thirteenth

The route of the Lee highway through Oklahoma and Texas will probably be decided at a meeting of directors of the highway association to be held in Washington, Nov. 13, according to a telegram received today by R. H. Coffee from Dr. S. M. Johnson, director general of the highway association.

The route from New Mexico west and from Arkansas east already has been fixed. Two proposed routes through this section of the country will be passed on at the directors' meeting. One is through southern Oklahoma, by way of Lawton and Frederick to Vernon, and from here west. The other leads almost due west from Oklahoma City through a portion of the Texas Panhandle, by way of Amarillo.

Local good roads enthusiasts express confidence that the Vernon route will be chosen. It is believed that the state highway department will favor the southern project, since it serves a much larger portion of the state than the one further north.

## C. A. RICHIE ILL; CONDITION SERIOUS

LITTLE HOPE FOR RECOVERY OF  
AGED DISTRICT CLERK HELD  
BY PHYSICIAN.

District Clerk C. A. Richie, who was suddenly stricken ill last Wednesday night shortly after he returned from prayer meeting, has little chance to recover, according to his physician. Mr. Richie is 77 years old, but in spite of his age he has been very active in performing the duties of his office and until Wednesday night he had been enjoying good health. He is suffering from an affection of the liver.

Friday morning his condition was considered very serious, but Saturday he rallied some, and hopes for his early recovery were entertained. Sunday he became worse and since then he has shown little evidence of rallying.

Members of his family are in attendance at his bedside, and many expressions of sympathy and wishes for his recovery have been received from friends over the county. Mr. Richie is at home, his condition being considered too serious to risk removing him to a hospital.

## SUCCESS ATTENDING TODAY'S DRIVE FOR WELFARE FUNDS

Twenty volunteer workers, under the direction of Dr. E. L. Moore, pastor of the Federated Presbyterian church, started a canvass of the business district of Vernon this morning, to raise funds for the Welfare association. Two men were assigned to each block.

While reports of the workers have not yet been compiled, it was stated at noon today that gratifying success has met the drive, and nearly all business men have made contributions. The goal set for the day is \$1200 which it is estimated will take care of the needs of Vernon's unfortunate during the next year.

All money secured will be expended in Vernon according to a decision recently reached by the welfare committee. Clothing groceries and coal are being accepted as the equivalent of cash or on a monthly or quarterly basis are being received.

## CITY COMMISSIONER PURCHASES HALF ACRE IN EDGE OF VERNON

City Commissioner E. B. Owen has purchased a half acre tract of land, located at the end of West Wilbarger street, from Mr. and Mrs. Harper Reed. Mr. Owen and an associate recently bought an acre adjoining the half acre tract, and erected a filling station and grocery store.

Directors to Be Chosen  
and Improvement Program Discussed—Business Men Ready to Aid.

"We are at the parting of the ways; we must go forward or quit."

This is the way Lon Byars, president of the Wilbarger county fair association, today summed up the situation with reference to the fair.

Mr. Byars and other officials of the fair association urge every man and woman in Wilbarger county who are interested in the work accomplished by the annual exhibition, to attend the meeting at 2 p. m. Friday when directors and officers of the association will be elected for the ensuing year.

In addition to the election of officers, the question of building a permanent exhibit hall at the fair grounds and of making other improvements, will be discussed. Expressions of opinion from citizens are desired.

The meeting will be held at the public library building.

This year's session of the fair was the tenth to be held, and it was declared the best ever staged. The number and quality of entries in the community and individual exhibits of farm products, and in the livestock department, showed marked progress.

A number of influential business men and farmers will lend their support to any plan which will insure a permanent development program for the fair, according to Mr. Byars. Interest has been heightened by the showing made by Wilbarger county farm products at the Wichita Falls and Dallas fairs.

## MISSIONARY UNION ENJOYS A DELIGHTFUL STORY HOUR

The Sixth division of the W. M. U. of the Baptist church met with Mrs. W. N. Martin at her home on W. Maiden street at 4 o'clock Monday afternoon.

After the story of the lesson about Esther and her mission to her people was told in an interesting way by Mrs. Martin and others, the guests were served delicious refreshments.

The following ladies were present: Mesdames J. N. Wright, B. D. Hockersmith, Jodie Brock, Jr., J. N. Fuleher, T. L. Rouse, Reuben Griffin, S. E. Smith, E. A. Vernon, Dan Lyles and Dewitt Thompson.

## LOCAL COMMANDERY INSPECTION TONIGHT

GEORGE STAPLETON, OF AMARILLO TO PRESIDE; BANQUET TO BE SERVED.

Annual inspection of Vernon Commandery No. 33 will be held tonight, with George Stapleton of Amarillo, eminent grand sword bearer of the grand commandery of the state, here as personal representative of the grand commander as mustering officer. Mr. Stapleton arrived today and plans to return tonight.

The inspection will be preceded by a banquet, served by women of the Presbyterian church, in the Vernon Record building, at 7 o'clock. The usual program of toasts and addresses will be followed.

## 1,359 PEOPLE IN ATTENDANCE AT SUNDAY SCHOOLS SUNDAY

Attendance at the Sunday schools last Sunday totaled 1,359 people, according to a report made today by Rev. Lewis P. Kopp, minister of the Central Christian church. The Methodist Sunday school lead, with an attendance of 395, closely followed by the Baptists, who had 394 present. The Central Christian church reported an attendance of 234, the Church of Christ, 185, and the Presbyterian church 155.

Attendance at the Monday morning Bible classes, held at the churches and attended by high school students as a part of their regular school work, was swelled by the addition of several new members to the classes.

## SANCTITY OF BODY DR. MOORE'S THEME

### HUMAN FRAME CLIMAX OF CREATION, MINISTER SAYS IN SERMON.

Dr. E. L. Moore, pastor of the Federated Presbyterian church, preached last Sunday morning to a large audience, taking as his theme, "The Sanctity of the Body." His text was 1 Corinthians 6:19-20: "Your body is a temple of the Holy Spirit, who is in you, whom ye have from God. And ye are not your own, for ye were bought with a price: Therefore, glorify God in your body."

Discussing these words, Dr. Moore declared that "Man's nature is dual—body and soul. He has a body, he is a soul. God made the one but He imparts the other."

"And Jehovah God formed man out of the ground and breathed into his nostrils the breath of life; and man became a living soul."

"Last Sunday I spoke of the worth and dignity of man. What I said then, had reference particularly to man as a spiritual being, rather than a physical being, but the discussion is not completed until we have given due consideration to the body, as well as the soul. Both are exalted in the teachings of the Bible, therefore man owes a duty alike to both."

Dr. Moore declared that with regard to the body, two extremes of opinion have been widely prevalent. One despises the body, holding to the belief that it is the source of all evil and that it ought to be denied and neglected; while the other embraces the theory that the highest good is to enjoy to the fullest all the appetites and passions of the body. "Let us eat and drink for tomorrow we may die" is a summary of this belief, he said.

#### Erroneous Extremes

Both these views are wrong, the minister declared. The body is neither to be despised or indulged, but tended, protected, developed and disciplined.

"The most beautiful of all material creations is the human body," Dr. Moore asserted. "God seems to have reached the climax of creation in it. Some one has said that the human face is on the sky line between the two worlds where matter and spirit blend."

Dr. Moore declared that the Bible everywhere holds to the sanctity of the body. He developed three great thoughts in this connection. The first was that the body, as well as the soul, was bought by Christ on the Cross. "Ye are not your own; ye have been bought with a price."

"And not only so, even we ourselves grown within ourselves, waiting the adoption—the redemption of our body. Redemption is not a thing of the soul only, but also of the body. Dr. Moore said. He told of seeing a building in the business section of Vernon, on which a sign announced: "We will remodel to suit tenant."

"When we are redeemed by Christ our bodies must be remodeled to suit Christ, who is our new tenant," he stated.

#### The Body a Temple

The body is the home of the Holy Spirit, it was declared. "Know ye not that ye are the temple of God and that the spirit of God dwelleth in you?" The ancient Jew would sooner die than desecrate the temple at Jerusalem, according to the minister, while places where deity dwells have always been regarded as holy. "How much more then, should we regard as holy our bodies."

"If the Spirit of God has a dwelling place on earth it is not in buildings of wood or stone, or even gold, but in the bodies of men and women who are spirit's akin to him."

The body is the visible instrument of Christ's glory upon earth, Dr. Moore

said. "The fruit glorifies the vine; the invention glorifies the inventor; the instrument glorifies the musician; so God may—shall I say only may—express his glory and his glorious nature through the instrument of man."

"We can glorify God by refusing to prostitute our body in its lower nature, by bringing it up to its highest form in beauty and service; and by demonstrating through it what one may become by the grace of God."

Several points in Dr. Moore's sermon were brought home to the audience by particularly apt illustrations.

### FARM BUREAU CASE WILL GO ON TRIAL SATURDAY MORNING

(Continued from Page 1)

who have granted these injunctions have recognized the validity of the co-operation marketing law and have granted the association the relief prescribed by the law.

"In one county a judge refused to grant a temporary injunction. This matter, of course, has been given publicity by those who are opposed to the marketing association, although these same enemies of cooperative marketing did not give publicity to the fact that other judges had granted temporary injunctions."

"We want our members to know, however that the decision of the District Court refusing the injunction in the one case at Waxahachie is not the final and it has been appealed. We feel that the judge acted erroneously in refusing to grant us the relief which to grant us the relief which the law says we shall have. Our members must not forget that judges sometimes make mistakes and we believe that this judge has made a mistake in this case, and that the higher court will correct his action." An appeal has already been taken from the decision and the matter will be passed upon by the Civil Court of Appeals. We feel certain that the appellate court will sustain the contract and the law and that the ruling of the district court will be reversed.

#### Suits to be Filed

is opposed to the ruling of other district courts of this state will not prevent us from filing suits against any member who breach their contracts. We want the cooperation of all members in sending information, to any grower who becomes so disloyal to his fellow members he will not stick with them, the association does not want to sue its members, but if any cannot keep their written word, it will enforce its rights against them to protect loyal members."

(Continued from Page 1)

And at the close of the campaign, the votes will be counted by a committee of prominent business men. Those who have obtained the greatest number of votes will be formally presented with the handsome prizes—prizes that were won simply by collecting votes in spare time.

#### NOW IS THE TIME

Now, right now, TODAY, is the time to begin.

If you want the big Buick 5-passenger sedan car or the Buick 5-passenger six touring car so that you can ride when you wish and take your friends or your family driving, there is no reason why you cannot win it. Think of having a car to go where you wish and stop as long as you like—a car that has a reputation for reliability all the way through, luxurious, comfortable and powerful. That's just what you can have if you are willing to put forth a little effort and a little hustle and energy during your spare time.

#### People Say "I Can't"

Nearly every candidate will say "Oh I may try but I know that I can't win it." All will be of about the same opinion. But the man or woman, boy or girl who first decides that he or she is going to win and has the confidence to do his or her very best is very likely to be proclaimed among the winners of the very biggest of the prizes.

#### MORE VOTES GIVEN NOW

Understand, too, that more votes are given now for subscriptions than at the end of the campaign. This is done in fairness to the ones that get out and hustle at the start and will not allow anyone to step in at the last minute and win.

You can't buy these prizes—but you can win them by your own honest and enthusiastic efforts. Votes positively will not be sold.

#### Get Started Today

Of course, you can accomplish nothing towards sharing in the grand gift distribution until you get started. So it is very important that you cut out the nomination coupon in this issue and send or bring it in this very day. Once started, if you are the ambitious sort, you will become the possessor of the kind of enthusiasm that will lead you to greater things—enthusiasm that should make one of the big prizes yours.

#### Get In and Win

Read the announcement of the campaign and start today. Bear in mind that every active participant who does not land one of the big prizes will be paid in cash for his or her efforts.

Election headquarters will be open today and this evening and every other evening until nine (9:00) o'clock. You are invited to call for any information.

ally, phone 171. Ask for the campaign manager. Come in and have this generous proposition explained to you in detail and learn about the costly prizes that are awaiting those who are privileged to participate.

#### IMPORTANT TO CANDIDATES

The names of the candidates who are being nominated in the Record's mammoth "Everybody Wins" election will be published within a few days.

All persons who wish to share in the gift distribution should send in their names immediately so that they may be included in the list.

The entire campaign is of the extremely short duration, so that an early start is imperative to those who desire the larger prizes.

If you have not yet done so and wish to share in the greatest distribution of gifts ever made in Wilbarger county, RUSH YOUR NOMINATION to the election headquarters at the Record office at once.

## VERNON AND QUANAH PLAY 12 TO 12 TIE

LOCAL BOYS PUT UP GAMEST FIGHT OF SEASON; MANY WITNESS CONTEST

Showing splendid form after their "off day" week before last, when they were defeated by Wichita Falls, Vernon high school football players last Saturday afternoon put up one side of a gridiron struggle which was a classic, when they played the Quanah eleven a 12 to 12 tie. The game was pronounced by Coach R. B. Galbraith to be the best high school football contest he had seen in a number of years.

With Robinson in the game as left tackle and captain and about 100 Vernon people at the Quanah football grounds, in addition to more than 20 players, the game started off with a snap. Quanah took the offensive and scored in the first few minutes of play.

Vernon made a touchdown soon afterward. Quanah scored a second time, then Vernon again. Two goals kicked by each side were blocked, leaving the score 12 to 12. The two teams were fighting back and fourth across the center line when the whistle ended the game, with neither side securing an advantage.

According to Coach Galbraith, Quanah has one of the strongest teams in this district of Texas, and is just now hitting its stride. Its back field is especially formidable. The work of the Vernon boys against this lineup won hearty praise from all who witnessed the game.

Smith took Robinson's place as acting captain at the opening of the third quarter. Buchanan was substituted for Shive at center, Lisman for Williams at quarter, Withers for Key at right half, and H. Bourland for G. Bourland at left half, during the game.

Gordon Conley of Quanah, a former University of Texas star, was referee. Ponder of Vernon, a Dartmouth man, was umpire and Reagan of Quanah, a Pennsylvania State man, head linesman.

There were no serious accidents during the game and few penalties were assessed. A large crowd was present.

The high school football team of Devol, Okla., will play the Vernon eleven at the local grounds Friday afternoon at 3:30 o'clock, according to arrangements made today. The Oklahoma town is expected to have a strong team.

## MRS. W. P. GARVIN CLAIMED BY DEATH

PROMINENT CHURCH WORKER DIES AFTER ILLNESS LASTING 10 MONTHS

Mrs. Natalie Garvin, 57, one of the most active church workers in Vernon, died at her home at 420 Sunday after an illness of about 10 months. She was the wife of Rev. W. P. Garvin, presiding elder of this district of the Methodist church.

Funeral services were held at the church Monday morning, with Rev. Robert E. Dickinson officiating, assisted by an old friend of the family, and other pastors of the district. Active pall-bearers were Rev. L. B. Hankins, of Margaret, Rev. R. V. Tooley, of Tolbert, Rev. F. T. Johnson, of Vernon, Rev. W. M. Murrell and Rev. L. M. King, both of Crowell, and Rev. W. G. Anderson, of Chillicothe. Interment was in Eastview cemetery.

Before her marriage Mrs. Garvin was Miss Natalie O. Ray. She was the daughter of Rev. and Mrs. F. P. Ray, her father being a pioneer Methodist preacher, who filled pulpits at Fort Worth, Weatherford, Corsicana and other Texas towns before the civil war. Rev. Ray also was the first secretary of the old Northwest Texas Methodist conference, which was organized in 1890.

Mrs. Garvin was born in Ellis county. With her parents, she moved to Waxahachie when she was 14 years old. She was educated at Marion College at Waxahachie, which is no longer in existence. She married W. P. Garvin on Nov. 5, 1885. She and Rev. Garvin moved here from Colorado City three years ago.

Besides her husband she is survived by two daughters, Mrs. George Ralston, of Lockney, Tex., and Mrs. Robert C. Pace, of Iowa Park; three grandchildren; a brother, J. O. Ray, of Waxahachie, and four half brothers, and numerous other relatives.

Mrs. Garvin joined the Methodist church during her childhood. With the exception of four years of her early married life, before her husband entered the ministry, she spent her entire life in the home of a minister of the gospel.

## THIEVES ROB FRISCO BOX CAR; LOSS \$800

CIGARETTES, GROCERIES AND DRYGOODS ARE STOLEN FROM LOCAL YARDS

A box car containing merchandise, tobacco and groceries consigned to several Vernon merchants was broken into in the local Frisco yards early Sunday morning, and goods valued at \$800 stolen. Included in the list of missing articles were quantities of cigarettes, tobacco and shoes.

Firms which lost goods by the theft were the Waples-Platter Grocery company, Parker-Donges Grocery company, Eggleston's Cash grocery, and Dixon's Dry Goods store.

The theft was reported to Chief of Police Jim Key. City officers are working on the case. The Frisco has not lost any goods at Vernon by theft in a number of years, prior to Sunday morning, according to local officials.

## CITY'S FIRST TEST WELL NOW FLOWING

EXCAVATION MADE IN HILLSIDE  
SATURDAY RELEASES STREAM  
OF WATER.

Near the spot which, according to a tradition, current among early settlers, was a favorite rendezvous for Comanche, Creek and Chickasaw Indians when the first tide of white settlers crept into this section of Texas, is a hole, spaded out last week. It is about five feet in diameter and four feet deep and from its bottom, running out through a ditch into the valley below, ripples a stream of clear water of sizable volume.

The "well" was dug Saturday afternoon, under the direction of City Engineer Robinson. It is located on the side of the rise of ground which marks the limit of the Pease river's flood plain, and is on a 21 acre tract purchased more than a year ago by the city of Vernon, with a view to developing an additional water supply.

A 40-acre tract intervenes between the land owned by the city and Condon Springs, where, legend has it, the redskins used to gather to quench their thirst, before the coming of the white man's liquor destroyed their taste for nature's beverage.

Below the slope of ground, in the valley, are a series of surface tanks which are fed by water from the hillside. All along the bluff, where the water sand outcrops, are patches of rank vegetation, trees and vines and shrubbery.

### Sand and Gravel Strata

The water in the excavation made Saturday comes from a strata of mixed gravel and sand, which is so "crumbly" that one can dig far under the bank with his hands.

Less than a half mile this side of the city's property is one of the two wells which furnish water for the Denver railroad. These wells are pumped by electricity and despite the fact that as high as 40 carloads of water a day have been taken from them they are apparently as strong as ever. Several carloads are now being shipped daily from the wells to towns and cities above Vernon, according to Denver officials.

City officials plan to make a thorough test of the 21 acre tract, to see how much water it will furnish. If the test is satisfactory, it is planned to perforate the hillside with wells, build a reservoir in the valley below to hold the water, and put in a ten inch main to the city and a pumping plant.

### Land Subject to Overflow

One of the problems facing the city in connection with the project arises from the fact that the land in the valley is subject to overflow from the Pease river. It is thought that this difficulty can be removed by construction of a levee to divert the flood water.

The city made an excavation at the spot where the present one was dug, at the time it purchased the property. The sandy soil partially filled the hole and choked off the stream. The present well is deeper and larger than the one originally dug. It is planned to sink two or three more "wildcat" holes on the hillside, in order to furnish a thorough test.

### SEVERAL VISITORS TO ATTEND GUEST DAY PROGRAM

Mrs. C. F. Spencer, formerly president of the Wichita Falls Music Club, will arrive in this city tomorrow to attend the guest day program of the Vernon Music club, according to an announcement yesterday by Mrs. C. J.

## DANCER, BROKE, HELD IN NEW YORK

Rose Miller, dancer, returning from an engagement in Colon, Panama, was detained at Ellis Island Immigration Station, in New York Harbor, under a new immigration law, though she has been a resident of Lewiston, Maine since she was three years old. She had only \$10 with her and wired her parents for more.

Farrell, at whose home the program will be given. Mrs. Spencer is spending the winter in Dallas. Mrs. Nichols who is now serving as president of the Wichita Falls Music club, also is expected to be here, accompanied by friends, while Mrs. J. D. Hughes, president of the music club of Quanah, has accepted an invitation to be present.

Ethel Allen Nelson, violinist and composer who will appear on the program Wednesday and also at the reception planned for Thursday afternoon by the County Federation of Clubs, is expected to arrive Wednesday morning from Wichita Falls, by automobile. He will be accompanied by Miss Annette Walsh, who will appear with him at the piano.

Mr. Nelson has won very favorable

comment from critics, who praise his compositions and his work with the violin. Recently a writer in a Wichita Falls paper spoke of his work at a concert as follows:

"Mr. Nelson's renditions of his own compositions was a special revelation of daintiness and variety. They were fanciful in conception, original in theme which was consistent with the thought he desired to portray, and each piece suggested a story."

"The first group, Sonata in G Minor, by Tartini, in two movements and the Bach Chaconne for the violin, was well chosen to demonstrate his thorough schooling and ease of sound interpretation."

"He was very plastic without over emotion with none of the cheap pyrotechnics of an unfulfilled musician, Mr. Nelson does not create austere of the cheap vaudeville."

"It expressed good taste and judgment when Mr. Nelson selected Miss Walsh as his accompanist. We recognize Miss Walsh as one of the best in this capacity and her rendition last evening vindicated her excellent reputation. Her own special number was well interpreted and did her credit."

Mrs. John F. Lyons, of Fort Worth president of the Federated Music clubs of America, will be the guest of honor at the program.

## COURTS WILL BE IDLE UNTIL 1923

JUDGE J. A. NABERS FINISHES  
LAST SESSION ON WILBARGER  
COUNTY BENCH

County court closed its fall term last Saturday, and will not convene in regular session again until the first Monday in January. Following a special term of the Forty Sixth district court this week, Wilbarger county's legal machinery will be idle until next year. District court will not be in regular session again until February.

Judge J. A. Nabers, who is holding court at Quanah this week, will not appear on the bench here again. His long period of service as a district judge will end this year.

Judge Nabers recently stated that he will rest up a while when his term of office is out, and that later he may take up private law practice again. He will continue to make his residence in Vernon.

County Judge McHugh will be occupied with his duties as presiding member of the commissioners' court. Owing to the fact that contracts for highway improvement were recently awarded, while plans for additional road work are being drawn, the commissioners' court has a large amount of work ahead of it in the next two or three months.

## LAND CASE TRIAL GETS UNDER WAY

LARGE CROWDS AT COURT; SPECIAL DISTRICT JUDGE CHOSEN FOR WEEK

The case of W. B. Lovelace, guardian of the person and estate of G. R. McClain and his minor heirs, versus Mrs. Florence Thompson and others, went on trial Monday morning, at a special term of the forty sixth district court.

At a meeting of the bar association early Monday, presided over by M. C. Culbertson, Robert Cole, of Crowell, was unanimously chosen as special district judge for the week in place of Judge Nabers, who is in Quanah.

The Lovelace case will be tried before a jury, under a decision reached at a conference of attorneys and the court. Sheriff Ish summoned 24 jurors Monday morning to appear at 1:30 p. m. for duty.

The case involves title and possession of a 160 acre tract of land, located about eight miles north of Vernon. According to the claim made by Mr. Lovelace as guardian for Mr. McClain, title and possession of the land in question was wrongfully secured on Jan. 1, 1921, a few days after the former had been appointed to act as guardian to Mr. McClain and his property.

Indications are that the case will occupy two or three days. A large crowd of people from the neighborhood of the land which is in dispute are attending the trial.

The plaintiff is asking title and pos-

session of the land, claiming that damage of \$20,000 has been suffered by the alleged seizure, as well as \$2,000 in rental.

# ARE YOU ASLEEP?

DO YOU KNOW that the Record will in a few weeks give away absolutely Free the handsomest and most costly collection of prizes ever offered in northwestern Texas—to be given away without a cent of cost, simply as a reward for ambition and a little pleasant, easy effort.

DO YOU REALIZE that the Grand Capital Prizes in this election—two brand new automobiles worth \$1,485.00 and \$1,355.00 each, represent more than the average head of a family earns in a year's time or more than many people save in a life time.

COULD YOU use a Purse of \$300.00 in gold, or one of those \$100 bags? Or wouldn't a little pin money, 20 per cent commission on every dollar you collect, if you fail to win one of the big prizes, come in handy? CAN YOU IMAGINE an easier, quicker or more pleasant way to secure a nucleus for a home, vacation trip or a start in business, than through the offer this paper is making?

THERE'S NO DENYING the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired through your spare time and efforts without one penny of cost.

DO YOU WANT one of the Automobiles or a big bag of gold at the expense of the Record, or would you prefer it to be in cash—greenbacks, good old coin—of the realm?

DO YOU WANT one of the Grand Prizes? Well, you can have any prize in the list if you will but grasp the opportunity and take immediate action—and you can do it in just a few days of your spare time. THE RECORD is being read by hundreds of people in Vernon and the surrounding territory, but there is no longer such a thing as "good enough," continual growth and expansion are wanted. To make this growth possible, the participation of live energetic men and women—married or single—is necessary. And, in order to obtain the desired interest in this campaign, the most elaborate list of prizes ever offered by any newspaper in this section of the state has been made ready for distribution among those who participate most heartily.

HERE IS AN OPPORTUNITY, surely, for the man or woman who looks at a thing from a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. There is over \$700.00 a month in it. Does that interest you? How's that for a business proposition during your spare moments? One hour a day is sufficient time to win the biggest prize offered.

## CAMPAIGN JUST STARTING

The competition which is just starting, is now open to any reputable man, woman or child in Wilbarger county. All that is necessary to enter the race is to clip the free nomination coupon appearing in this paper, fill in your name and address to the Campaign Department of the Vernon Record, Vernon, Texas. This coupon entitles you to 5,000 FREE VOTES and gives you a quick, flying start toward success.

UPON RECEIPT OF NOMINATION COUPON, DETAILED INFORMATION, TOGETHER WITH A FREE WORKING OUTFIT, WILL BE SENT; AND A REPRESENTATIVE WILL CALL AND LEND FURTHER ASSISTANCE.

### LIBERAL PRIZE PLAN PROVIDES CASH FOR ALL

### CASH SPARE TIME

Still Plenty of Room for  
Ambitious People to  
Reap Harvest

It is time that some systematic work should be done by the candidates in The Vernon Record's "Everybody Wins" campaign if they wish to make sure of the splendid prizes offered them. And right now is the time to start in earnest.

Did you ever have an opportunity offered you in which you were PAID in cash for the effort necessary to secure such an award as a five-passenger 1923 model \$1485 Buick sedan touring car or a 1923 five passenger \$1355 Buick or even \$300 in gold, or any one of the other big prizes. You are PAID for whatever time you put into this campaign by The Vernon Record, whether you win or not.

Every active candidate is guaranteed a cash prize, and if you get started NOW and enter into the campaign in earnest, while you are assuring your self of this cash prize, you can secure one of the big new 1923 cars—and secure it without the expenditure of one cent in the next few weeks.

It is almost inconceivable that candidates will hesitate in going after such a generous proposition and going

after it strong. It is a positive fact that some of the friends of the candidates are taking more interest in and sending in more votes for them than the candidates are themselves. The majority of the candidates seem to be content to send in a few coupons and expect their friends to do the rest for them without making any effort themselves.

The past two days there were more subscriptions turned into the office by subscribers themselves who gave their favorites the benefit of the votes than most of the candidates brought in.

There is opportunity, galore for any live person who will make an effort in this liberal campaign. There are lots of subscribers for those who will ask for them. The prizes are so very valuable that no amount of effort is too much to put forth in winning them. And every subscription means CASH to you and increases your hold on the big prizes.

It isn't every day that you have an opportunity of securing a real automobile by your own efforts—and are paid in cash for those efforts.

**It's Up to You**  
Are YOU going to be a big prize winner or are you to be numbered among those who wish they had tried earlier.

The schedule for issuing votes is shown elsewhere. Just look it over and you will see that with a very few subscriptions you will be away up in the thousands. Just try it today. You will be surprised how rapidly your total will roll up. With the large number of votes given for subscriptions NOW is the time for you to enter. Get out and see your friends and WIN—YOU CAN!

The election headquarters at The Vernon Record office is open from 9 a. m. to 9 p. m. Write, phone No. 171 or call and bring your nomination blank if your name is not entered.

And remember this—regardless of the fact that the campaign is not progressing as fast as it should, every prize, gold and automobiles, will be given away exactly as announced.

A list of the few candidates in the election will appear in a few days.

### For Your Attention

The Vernon Record wishes to call the attention of its readers to the opportunity that exists in the mammoth "Everybody Wins" voting election being announced in its columns. Without one cent of cost some persons will secure awards, the cash value of which are \$1485 and \$1355 in the short space of six weeks, during the spare moments that otherwise would be wasted. Many wonderful prizes and hundreds of dollars in gold and silver await those who wish to turn their spare moments into cash. And it has been so planned that there will be no losers—every active candidate will be paid in cash for his or her efforts. There never has been such a prize list offered by a newspaper in this section and there probably never will be another of such magnitude.

The Vernon Record has been commended on every side for its liberality and generosity in distributing such a vast amount of gold and prizes among its home folks instead of spending this money with outside solicitors and collectors. Although it undoubtedly means a big temporary loss on the part of The Vernon Record, the management will feel well repaid through this expenditure the newspaper is better advertised throughout the city and country and more homes are made regular readers of it. In fact, the real purpose of the campaign is the increasing of the subscription list, regardless of expense.

The Vernon Record invites you to become a participant in this tremendous gift distribution. It doesn't cost you one cent to enter or to win one of the biggest prizes in the entire list. From a good sound business standpoint it is worthy of your best efforts during your spare time.

Nominations are now open and it is advisable for those who wish to participate to send in their names immediately.

### SPECIAL NOTICE

It should be distinctly understood that there are two big beautiful automobiles, and two complete sets of prizes to be distributed by The Vernon Record in its big Gift Election.

One of the automobiles and as many other big cash prizes as there are active participants are to be distributed to those contentants living outside of the city of Vernon, including Wilbarger county and adjacent territory. And the other big car and just as many big cash prizes there are participants will be awarded to all those who reside in the city, and participate.

So, participants living outside the city of Vernon do NOT have to compete against those living IN the city, or vice versa. This is one of the fairest and best features of the whole distribution. And everyone who participates will secure a car or a cash addition to their present income in the next few weeks—there will not be a person in the election who will not profit nicely and unusually big, without investing one cent, in their SPARE MOMENTS.

# WAKE UP!

## Turn Your Spare Time Into Profit

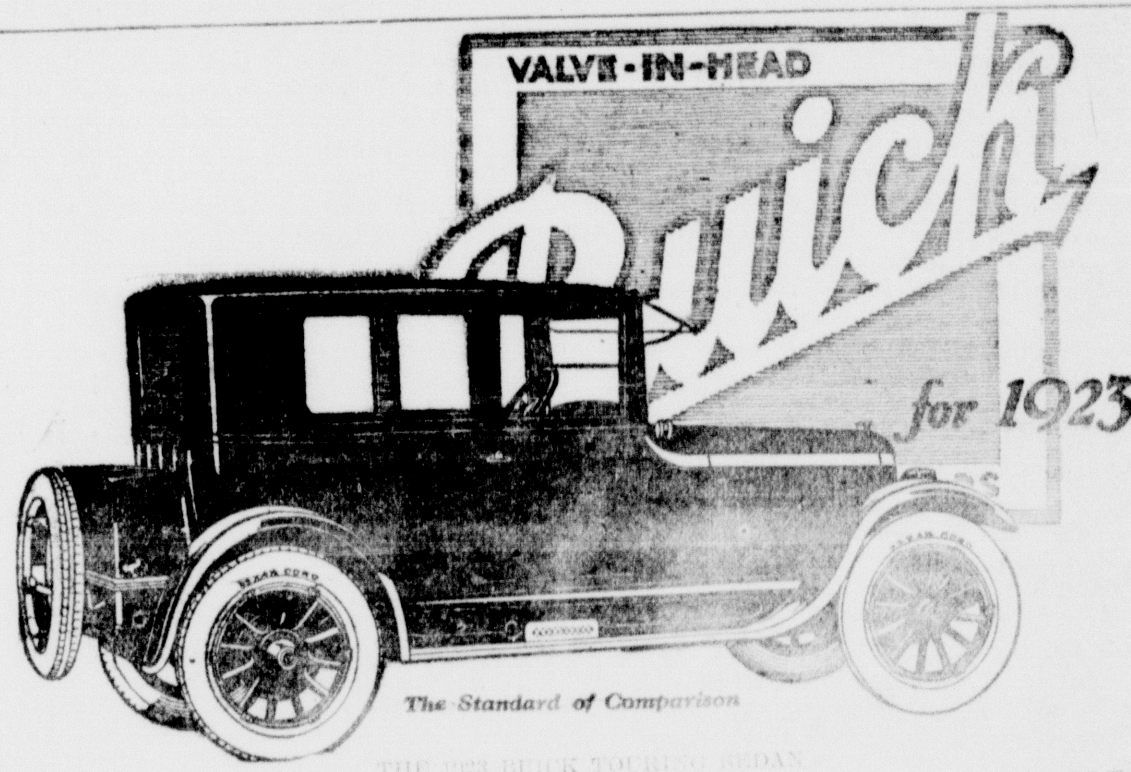

Does the Vernon Record's "Everybody Wins" Prize Distribution appeal to you as being a wonderfully meritorious business proposition for your spare moments? If so, have you entered your name as a participant or are you still debating? More "LIVE" candidates are wanted in this "Everybody Wins" competition. There's plenty of room and plenty of prizes for all. It has been said that "Opportunity knocks on every man's door once." Now it is knocking on your door with a sledge hammer and is using both fists to awaken you to a realization of what is in store for you in this campaign. If you are a hustler, get in the game today, and get your share of the good things offered. Don't delay. The nomination blank appearing elsewhere in this issue points the road to victory, and a small fortune. Rush in today with YOUR name thereon—WAKE UP to this unusual out-of-the-ordinary OPPORTUNITY.

## \$5,000 Dollars in Gold, Cash and BIG PRIZES

Await their owners in the shortest, yet most liberal voting election ever held in Vernon

Purchased from Robinson Motor Company, Value .....\$1,355.00

Purchased from Robinson Motor Company, Value .....\$1,485.00

People, as a whole, are composed of two classes—those who DO things, and those who do not try, but instead, spend all their spare time in complaining that others get all the good things in life. The latter class plod along in a meagre existence, simply because they do not seize the opportunities that are offered them. Life has about the same to offer everyone, but it is those who are AWAKE and who SEE and TAKE advantage of opportunities open to them who get the good things and prosper. Not because they are necessarily brighter or more capable than others but because they ACT instead of sit back and wail, "I Can't."

And so it is in The Vernon Record's big \$5,000.00 Prize Distribution. There never was or ever will be such an opportunity offered Vernon and Wilbarger County people. Think for a moment just what this proposition means to YOU—WITHOUT SPENDING ONE CENT YOU CAN WIN AS HIGH AS \$1,485.00 IN THE NEXT SIX WEEKS; and you cannot lose for you are paid in cash for every subscription that you secure.

Have you ever been offered a better business proposition? Have you ever cashed your spare time for more REAL MONEY? Every prize must have an owner and if your name is sent in immediately and included in the list of candidates, YOU can win the prize of your choice. But you must ACT NOW. The campaign is a very short one and will be all out and over in a few weeks.

### Do You Realize

that the semi-weekly Vernon Record will in a few short weeks give away absolutely free the handsomest collection of valuable prizes and gifts ever offered in Texas in recognition of enterprise and action?

### Do You Realize

that the grand capital prizes of this big advertising campaign are 2 brand-new 1923 model Buick cars—represent more than the average head of a family earns in a year's time, and is more than most people save in a lifetime?

### Can You Imagine

any easier, quicker or more pleasant way to secure an automobile or a big bag of gold or a valuable gift—than through the offer this newspaper is making?

### Can You Use

a purse of \$300.00 in gold—or one of the \$100.00 bags of silver? Or wouldn't some money—twenty per cent commission on every

dollar you collect if you fail to win one of the big prizes—come in handy?

### An Undeniable Fact

There's no denying the fact that any one of the above mentioned prizes would be a source of pleasure and profit, and especially so when acquired solely through your spare time and effort without one penny of cost.

### You, Yourself

can have any prize or gift in the list if you but grasp this opportunity and take immediate action—and you can do it in just a few days—just six short weeks. The Semi-weekly Vernon Record is now being read by hundreds of people in this community, but there is no such thing as "well enough"—continual growth and expansion is wanted. To make this growth possible, the participation of live, energetic men and women, and boys and girls is necessary. And in order to obtain the desired interest in the campaign the most elaborate list of prizes ever offered by any newspaper in Texas has been made ready for distribution among those who participate most heartily.

### HOW TO ENTER

To enter your name and share in the big distribution, simply fill out the nomination blank on page one of this issue and send it or bring it to the office of The Vernon Record.

### HOW TO GET VOTES AND WIN

A good way to go about paving the way for a successful campaign is to telephone, say, about a dozen or more of your friends. Suppose they are all taking The Vernon Record. First ask each one of them to save their voting coupons out of the paper for you. Then explain to those who are already subscribers to The Vernon Record just how many votes a renewal subscription will give you. They can take a year or more at the price of \$2.00 per year if they renew now, and, too, it eliminates the bother of a collector coming around from the office. If some of them do not take The Vernon Record regularly ask them for their subscription. It does not cost them one cent more to pay you their subscription than to pay into the office—and it gives you the votes and a prize.

And think what these votes and prizes mean to you. As fine an automobile as you wish to own, or hundreds of dollars in cash—and it is all within your power to secure if you send in your name.

Aim high. Go after the automobiles. Someone will win them, and it can be you. IT'S ALL UP TO YOU. Send in that nomination blank today.

### Here, Now

is the opportunity, surely, for the man or woman who looks at a thing from strictly a business standpoint and who arrives at a conclusion as to its merits by the way it appeals to them as a business proposition. SOME ONE WILL MAKE OVER \$225.00 EVERY WEEK DURING THE NEXT SIX WEEKS IN THIS PROPOSITION. HOW'S THAT FOR A GOOD SOUND BUSINESS OPPORTUNITY WITHOUT THE EXPENDITURE OF ONE CENT?

### Just Starting

The competition, which is just being announced, is now open to any reputable man or woman, boy or girl, residing in this community. All that is necessary to enter and share in the gigantic distribution is to clip the free nomination blank appearing in this issue; fill in your name and address and mail or deliver it to The Vernon Record office, Vernon, Texas. This coupon entitles you to 10,000 votes and gives you a flying start toward success. Upon the receiving it at The Vernon Record office, detailed information, together with a free working outfit will be sent or furnished. If there is any information desired, simply call or phone The Vernon Record.

### INVENTION CARRIED TOO FAR

There is such a thing as carrying in-  
vention too far, and if our mechanical  
wizards aren't careful they will take  
a large part of the joy out of life.  
For example, there is the modern clock  
the one which runs on standard time  
and corrects itself every hour. It  
will rob two members of the household  
of a very real pleasure: the man, for  
he enjoys winding a clock; and the  
woman, for she enjoys reminding her  
husband that he has forgotten to wind  
the family time-piece and has let it  
run down. In some cases his forget-  
fulness reaches epoch proportions, and  
she can point to the fact that the clock  
hasn't been allowed to run down before  
since grandfather became the father  
of twins—and there was really some  
excuse for forgetfulness on an occa-  
sion like that.

And then the present day clock, the  
self winding one, is so awfully cor-  
rect that it makes a person feel badly  
at times. A clock which varies a  
couple of minutes a day has a sort of  
human quality about it, while the old  
relic which dallies along until it is  
four hours slow and then starts run-  
ning like a hound dog at meal time  
is really lovable.

One of the chief pleasures of friend-  
ly gatherings is to compare time-pieces,  
and everybody used to feel proud when  
all their watches and host's clock reg-  
istered between the same hour marks.  
But this harmless enjoyment will soon  
be denied us, now that we have time  
pieces which would sooner fly into a  
hopeless wreck than vary three six-  
teenths of a second in a year.

### FUEL DEALERS HAVE BUSY TIMES DELIVERING COAL

Fuel dealers are having busy times  
nowadays, with orders coming in for as  
much coal as is received. Many per-  
sons are carrying into practice their  
theory of preparedness by stocking up  
with fuel for the winter, local dealers  
say.

Shipments of coal are arriving regu-  
larly, from Oklahoma and from Ala-  
bama and other states. Prices at pres-  
ent range in the neighborhood of \$15 a  
ton.

## USE THE HOME PAPER

(By Phoebe K. Warner)

Most folks seem to think all the  
HOME PAPER is for is to read. That  
done, it is time to tear it up, use it  
for wrapping paper, put it on the pan-  
try shelves or use it for kindling. All  
of which are very good ways to use the  
back numbers. Why, if we were to  
keep all the back numbers of any good  
county paper, in less than a year we  
would have collected a real library  
containing several good stories, the  
cream of the political and religious  
news of the year a record of the world's  
greatest events, and a real diary of  
the local doings of the entire county.  
But most of us are not willing to give  
the Home Paper room for even one  
short week. As a rule the life of the  
Home Paper is about two nights and  
one day. This is one reason it is the  
most sought publication in all this na-  
tion. For about the time some mem-  
ber of the family thinks of something  
they wanted TO SAVE it's gone.

For this reason we are going to  
suggest that everybody who takes their  
Home Paper put up a little line be-  
hind a door somewhere and file them  
away for at least a month. You would  
be surprised how many times you  
would refer to its columns. And should  
you keep them for a whole year your  
home would become a real bureau of  
information and that pile of papers the  
community's encyclopedia. Then, too,  
if you were to see all at one time all  
that you have received for \$1.50 or  
whatever price of your home paper  
may be for a year, you'd never again  
kick on the price. Instead you might  
be happy to pay for it in advance. If  
the paper alone that you receive by  
taking your home paper one year were  
told down in your home without a let-  
ter or a line on it, just the plain, blank  
paper would be worth its cost for con-  
veniences around the home. But it is  
not this week's paper nor last week's  
paper that is the most interesting. It  
is next week's paper, the paper of the  
future, we are looking forward to  
all the time. Have you discovered the  
secret of interesting yourself in your  
home paper? If you have not, send  
something to it next week yourself,  
then count your pulse when you see  
the wrapper. It is not the NEWS that  
thrills you most. It is the sight of  
what YOU sent. That's what makes  
the home paper mean something to you.  
To read something you already know  
about yourself or your family or your  
farm or your school; that's worth the  
price of the paper for a whole year in  
you.

But there is still a better way to get

your money back that you pay for the  
home paper. And this is just as true  
of the farmer as the business man of  
the town. And that is to ADVERTISE.  
Why does the merchant advertise? To  
tell the country folks as well as the  
town folks know what he has for sale.  
To get rid of what he has on hand so  
he can use the cash to buy something  
else. Why should the farmer and his  
family advertise? For the self-same  
reason. To let the town folks and  
their neighbors know what they have  
that they would like to sell for cash,  
or trade for something they need worse.  
The home paper should be the farm-  
er's commercial clearing house. It  
should be the universal counter over  
which the people exchange commodi-  
ties. The possibilities of rural ad-  
vertising have scarcely been touched.  
Not even the art of rural advertising  
has been either studied or taught.  
When the farm boy goes to town he  
sees the most artistic cigarette ad-  
vertisements all over the town, on sign  
boards as big as the side of a barn.  
But what of the boy's fine pigs in the  
pen? What of his sister's registered  
chickens? Who knows about the but-  
ter and eggs; the cream and the milk  
on his father's farm? Does anybody  
know about the beans and tomatoes  
or the big pumpkins that are going to  
waste in his mother's garden. And,  
oh, there are so many things the moth-  
er and children and the house need,  
if they only had the money that is go-  
ing to waste. But no one reads their  
advertisements. But almost every week  
they answer the call of the city ad-  
vertisers in their home paper or else-  
where and away goes the little cash  
they have to some foreign city—to  
get something they have never seen—  
because it is CHEAP! One of the  
richest advertising fields in America  
is the rural field and it should be  
cultivated and the crop harvested by  
the home paper. Isn't it queer that  
the cities will take advantage of every  
big tree by the side of the road—the  
board fences that bound the fields of  
grain, the bridge banisters, the rocks,  
if they happen to be near a road, and  
even the barns and hen houses of the  
farmers to advertise their wares, but  
never a word said about what is in the  
barn or hen house or the field.

Mother if you have chickens or tur-  
keys to sell advertise them. Maybe  
some of your neighbors would find it  
out and buy them before somebody  
steals them. The thieves know who  
have good chickens, and where to get

them. But no one else does. Son,  
if you have a bushel of peanuts or pop-  
corn to spare—advertise it. Some-  
body wants it. There are lots of  
folks wanting pumpkins for Halow-  
een and don't know where to get  
them. Let's make the country as  
interesting as the city by advertising  
what is there.

## FANS GET RETURNS ON LONGHORN GAME

FAMOUS TEXAS SONG HEARD BY FORMER UNIVERSITY OF TEXAS STUDENTS

Several former students of the University of Texas gathered at the office of the Vernon Electric company Saturday afternoon to hear returns on the game at Dallas between the Vanderbilt Commodores and the Texas Longhorns. The game was broadcast by the Dallas News and Journal station, which had a sending apparatus set up on the field.

The Vernon Electric company Saturday completed the installation of a new receiving set with two steps and three stages of amplification. Although a "light" was burned out before the game started, the Dallas station was heard plainly, and the cheers of the fans often broke in on the voice of the broadcaster. At one time the famous University of Texas song, "The Eyes of Texas Are Upon You," came in clearly.

The results of other games over the country, including one between Harvard and Centre College, also were received here. They were broadcast by the Dallas station as fast as they were received over the wires.

## REASONS FOR REDUCTION IN PRICE OF FORDS EXPLAINED

Explanation of the reasons for the \$50 reduction in the price of Ford cars and trucks, put in effect over the country last week, is contained in a statement received today by Napier Bros., motor company, Ford dealer, from the headquarters of the company at Detroit. The statement was issued by Edsel Ford, president of the company. "The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company enjoyed during the present year, and also the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody."

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality. "Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which came as a result of increased volume."

## U. S. HAS WORLD'S GREATEST GUN

Here is the new sixteen-inch gun, mounted on a barbettes carriage, which promises to make history in America's coast defense. The gun has a range of thirty miles and is declared by ordinance experts to be the most formidable rifle in the world. The projectile weighs 2,340 pounds.

## M. W. BOGER IS AWARDED VERDICT IN DAMAGE SUIT

M. W. Boger, Vernon resident, was awarded a judgement in one of two suits against the Fort Worth and Deaver railroad company, following jury trials in county court last week. A verdict in favor of the railroad was rendered in the second case.

Mr. Boger was suing for damages on two delayed shipments of cattle, routed over the Denver to Fort Worth more than a year ago. He alleged that the cattle lost weight and condition, due to their delay in being sent into Fort Worth, and that their market value was materially reduced through the company's negligence. While opposite verdicts were rendered practically the same issue was submitted in the two suits.

Parent Teachers' Club to Meet  
On account of conflicting dates, the Shive Parent-Teachers' association will hold its first meeting of the year next Friday, instead of Thursday.

"We hope to have a full attendance and get our work before the mothers of our community. Let us make this our best year's work," an official of the association stated yesterday.

## WICHITA FALLS TEAM BEATS ELECTRA'S ELEVEN 13 TO 0

A number of people from Vernon witnessed the football game at Electra last Saturday, which resulted in a 13 to 0 victory for the Wichita Falls Coyotes. The result of the contest was a surprise to many people, for the Electra Tigers, winners over Wichita Falls for five consecutive seasons, were strong favorites.

The Electra eleven was badly crippled by the absence of three men who have been a strong factor in its victories. They were Standford, who plays tackle, Autry, a backfield man, who always makes his weight and fighting spirit felt, and Sanderlin, the fastest end man on the team.

The Wichita Falls eleven won the game in the first quarter, when they went through and around Electra's line for two touchdowns. The oil town boys fought hard to retrieve their fortunes, Standford and Sanderlin were in the game, but were unable to overcome the visitors' advantage.

Wichita Falls, which is undefeated so far this season, is now looking as a strong contender for the district championship, which will be decided by Thanksgiving.

Mrs. Castlebury Critically Ill

## ROTARIANS ENJOY ORCHESTRA MUSIC

VISITOR AT LUNCHEON SAYS VERNON IS SPLENDID BUSINESS CITY

Mrs. Roy McConihe and Miss Young, Miss Renfro, Miss Morrison, John Petty, Theron Staley, Charles White, Miss Reese and Thornton Ferguson, members of her orchestra, were guests of R. D. L. Killough at the regular noon meeting and luncheon of the Rotary club, last Friday. Members of the club were entertained with a number of selections, which proved very popular. Rotarians extended a rising vote of thanks for the music.

Joe Sumner, who has been on the West Coast the past three months, was again in attendance at the meeting. All members of the local Rotary club are now in this city. Mr. Sumner brought a box of cigars as a peace offering, but his gift was declared by club members to be unnecessary, in view of the excellent talk he made at the meeting.

W. N. Stokes, who had been set down on the program to sing a solo, rebelled and refused to sing. On motion of R. H. Coffee, he was extended a vote of thanks by the Rotarians for his failure to sing. All members of the club, with the exception of Mr. Stokes, supported the motion.

J. T. Jones, who attended the luncheon as the guest of J. M. Napier, praised the spirit and ideals of Rotary and the wonderful results which the organization is accomplishing. He declared that should the opportunity arise he would be glad to join. Mr. Jones is connected with the Ford Motor company.

Henry Moss, a traveling salesman who has been "making" Vernon for a number of years, declared that this city is the best of its size in the state, from a business standpoint. He expressed his appreciation at being the guest of the Rotary club.

Emory Rhoads made a brief address detailing incidents connected with his recent trip to the West.

## MANY EGGS BEING SHIPPED INTO VERNON EACH WEEK

Several hundred dollars worth of eggs are being shipped into Vernon each week, according to wholesale grocery and produce dealers. In spite of the large number of hens owned by residents of the county, the demand for fresh eggs greatly exceeds the supply. It was stated.

Some of the egg shipments are from states as far north as Nebraska.

## EXPRESS CARAVAN AROUSES CURIOSITY OF RESIDENTS

An American Express company delivery truck, with three trailers attached, each piled high with boxes, attracted the attention of persons on Main street Monday morning.

"Merchants must be doing a lot of business to order wholesale shipments by express," was the typical comment. But according to Express Agent W. J. Stuckler, the "cargo" was merely the usual Monday morning accumulation of goods.

"Our business will not show very heavy increase until a few days before Christmas," he stated. The Christmas rush usually begins about Dec. 15 and lasts until the first of the year.

## SIFTING THE FLOUR AS EXPLAINED BY

## MILK MAID

The grinding of the wheat into very small particles—called flour—is in order to make the wheat more easily digested and assimilated. After flour has been sacked for only a few days these small particles adhere together again thus making it impossible to properly mix or compound the dough. After securing the highest grade flour it is placed into our large electric sifter and thoroughly sifted to guarantee perfectly fresh and fluffy flour. This makes it possible to thoroughly mix the yeast and other ingredients which is so necessary for perfect, light and wholesome—
